Dictionary of the Holy Bible William Wilberforce Rand, 1886 [The Viking Age Vol.1 \(of 2\) \(Illustrations\)](#) Paul B. Du Chaillu, Example in this ebook CHAPTER I CIVILISATION AND ANTIQUITIES OF THE NORTH A study of the ancient literature and abundant arch ology of the North gives us a true picture of the character and life of the Norse ancestors of the English speaking peoples We can form a satisfactory idea of their religious social political and warlike life We can follow them from their birth to their grave We see the infant exposed to die or water sprinkled and a name bestowed upon it follow

the child in his education in his sports the young man in his practice of arms the maiden in her domestic duties and embroidery the adult in his warlike expeditions hear the clash of swords and the songs of the Scald looking on and inciting the warriors to greater deeds of daring or it may be recounting afterwards the glorious death of the hero We listen to the old man giving his advice at the Thing We learn about their dress ornaments implements weapons their expressive names and complicated relationships their dwellings and convivial halls with their primitive or magnificent furniture their temples sacrifices gods and sacred ceremonies their personal appearance even to the hair eyes face and limbs Their festivals betrothal and marriage feasts are open to us We are present at their athletic games preparatory to the stern realities of the life of that period where honour and renown were won on the battle field at the revel and drunken bout behold the dead warrior on his burning ship or on the pyre and surrounded by his weapons horses slaves or fallen companions who are to enter with him into Valhalla look into the death chamber see the mounding and the Arvel or inheritance feast These Norsemen had carriages or chariots as well as horses and the numerous skeletons of this animal in graves or bogs prove it to have been in common use at a very early period Their dress and the splendour of their riding equipment for war the richness of the ornamentation of their weapons of offence and defence are often carefully described Everywhere we see that gold was in the greatest abundance The descriptions of such wealth might seem to be very much exaggerated but as will be seen in the course of this work the antiquities treasured in the museums of the North bear witness to the truthfulness of the records The spade has developed the history of Scandinavia as it has done that of Assyria and Etruria but in addition the Northmen had the Saga and Edda literature to perpetuate their deeds We are the more astonished as we peruse the Eddas and Sagas giving the history of the North and examine the antiquities found in the country for we hear hardly anything about the customs of the people from the Roman writers and our ideas regarding them have been thoroughly vitiated by the earlier Frankish and English chronicles and other monkish writings or by the historians who have taken these records as a trustworthy authority Some writers in order to give more weight to these chronicles and to show the great difference that existed between the invaders and invaded and how superior the latter were to the former paint in a graphic manner without a shadow of authority the contrast between the two peoples England is described as being at that time a most beautiful country a panegyric which does not apply to fifteen or twenty centuries ago while the country of the aggressor is depicted as one of swamp and forest inhabited by wild and savage men It is forgotten that after a while the people of the country attacked were the same people as those of the North or their descendants who in intelligence civilisation and manly virtues were far superior to the original and effete inhabitants of the shores they invaded To be continue in this ebook *The Old Testament ; According to the Authorized Version: Historical books: Joshua to Esther ,1882* **The Nkjb Minister's Bible Burgundy** .
