Repairing the Missional Breach Kevin Blackwell, 2024-04-02 Making disciples is the primary calling of the church however in the past decades of American evangelicalism there has been a breach of Christ s Great Commission as found in Matt 28 19 20 Much of this failure can be attributed to the doctrine and practice within three modern church movements The book offers a history and critique of modern American evangelical church movements including the Church Growth Emergent Church and Missional Church movements Each of these movements did not result in disciple making multiplication In this book you will find an analysis of disciple making in these movements as compared to the methods and model of Jesus Informed by these critiques formative ministry adjustments are presented as a faithful path for future missional approaches

questions help students retain information **Apostolic Church Planting** J. D. Payne, 2015-10-22 Church planting is not just about gathering new communities of people who are already Christians Planting churches flows naturally out of making disciples In this concise guide pastor J D Payne explains the process and stages of church planting with biblical foundations and practical steps for planting teams both domestically and internationally **Choosing Our Religion** Elizabeth Drescher, 2016-03-01 In *Choosing Our Religion* Elizabeth Drescher explores the diverse complex spiritual lives of Nones across generations and across categories of self identification as Spiritual But Not Religious Atheist Agnostic Humanist just Spiritual and more **The Dusk of Mankind and the Dawn of the Kingdom** Hugh J Harmon, 2007-10-22 *The Dusk of Mankind and the Dawn of the Kingdom* of God is a book that addresses postulates and presents the concept of an irrevocable changing of the guard in earthly authority The bedrock of the Bible is that this world once deeded to men as a temporary possession was thwarted at the outset In man s greed to grasp after the straws of false knowledge and deception he forfeited the gift of the kingdom of this world to the prince of deception Man has ever since been in a tug o war with the devil his own sin nature and his spirit man s desire to reconnect with God Christian Ethics and Political Economy in North America Peter Travis Kroeker, 1995 In this religious and moral critique of liberalism Travis Kroeker analyses how religio ethical discourse is changed when it is translated into the economic policy discourse of North American liberalism Focusing on influential representatives of contempo **World Christian Trends Ad30-ad2200 (hb)** , 2001 **The Gospel for Buddhists and the Dharma for Christians** Donovan Roebert, 2009-01-02 In this book Donovan Roebert provides a path for Christians and Buddhists who wish to better understand the essential living tenets of their own faith while exploring how these two great religious paths can provide insights of real benefit to adherents of either Without lapsing into syncretism or demanding a departure from orthodoxy this book provides a sound and thorough basis on which Christians and Buddhists and all those seeking greater insight into faiths other than their own can explore the rich possibilities for learning from one another Beyond describing in detail the doctrines and practices of Christianity and Buddhism this book describes the authentic human path of religious development with a strong focus on the problem of self or ego in spiritual growth discussing obstacles to growth and exploring their remedies Brief histories of both religions are provided enabling the reader to understand how diversity is an inevitable consequence of historical development and rather than standing as a problem in religious dialogue is always a means to spiritual enrichment *The Gospel for Buddhists and the Dharma for Christians* is the fruit of a personal spiritual journey of thirty years It demonstrates that the search for religious freedom becomes richer and more rewarding when a spacious mind engages with rather than flees from religious paths outside of its own tradition Finally it is a plea for sincere friendship across factitious religious divides *Neo-Pentecostalism* Nelson Kalombo Ngoy, 2019-05-23 For centuries Pentecostalism has played a significant role in oppressively shaping the life of formerly colonized people of Africa Moreover its theologies have perpetuated neocolonial policies developed through the lens of colonial legacies rooted in

la mission civilisatrice mission to civilize However since the 1980s Neo Pentecostalism is increasingly reshaping the Congolese Christendom It sanctions the theologies of a prosperity gospel rooted in an uncritical reading of the Bible and self theologizing informed by a lack of literal contextual translation effects This book argues that the prosperity gospel bankrupts its adherents in this case the vulnerable impoverished sections of Sub Saharan Africa and particularly the Postcolonial Congo and instead offers a balanced theological reflection that broadens Neo Pentecostal studies with an African voice encouraging the rewriting and rereading of the story of redemptive mission The research engages a paradigm shift within global missions and world Christianity or the history of missions as the platform to negotiate literal prophetic and contextual translation and retransmission of the biblical gospel It is critical to reclaim and reestablish a hermeneutic of mixed methodologies and construct a contextual and critical interpretation of the Bible in the Congo To avoid the African assumption of cultural baggage which affects how the Congolese interpret the Bible the interpreter has to be neutral and experience the voice of Christ in the text instead of the voice of Congolese culture they must be a prophetic voice to reconstruct the authentic meaning of the salvific story

The Ascended Life Bernita Conway,1999 A believer does not need to wait until Heaven to experience an intimate relationship with the Lord When you are born again your life becomes His and He pours His life into yours This is the mystery that the Bible reveals you in Him and He in you Here Bernita Conway explains from personal study and experience the truth of abiding in the Vine the Lord Jesus Christ When you grasp this understanding and begin to walk in it it will change your whole life and relationship with your heavenly Father

The Goal of Our Instruction Philip Towner,2015-01-29 Towner explores traditional and more contemporary interpretations of Christian existence in the Pastoral Epistles offering a valuable contribution to studies in this area

The Future of the Global Church Patrick Johnstone,2014-01-17 In The Future of the Global Church Patrick Johnstone author of six editions of the phenomenal prayer guide Operation World draws on his fifty years experience to present a breathtaking full color graphical and textual overview of the past present and possible future of the church around the world

Friedman,Mark D. McGarvie,2003 This book presents professional historians addressing the dominant issues and theories offered to explain the history of American philanthropy and its role in American society The essays develop and enlighten the major themes proposed by the books editors oftentimes taking issue with each other in the process The overarching premise is that philanthropic activity in

America has its roots in the desires of individuals to impose their visions of societal ideals or conceptions of truth upon their society To do so they have organized in groups frequently defining themselves and their group s role in society in the process

Evangelical Identity and Contemporary Culture Mathew Guest, 2007-12-01 Building on an ethnographic study of St Michael le Belfrey Church in York a recognized leader in charismatic renewal mission and evangelical innovation since the 1960s this book explores how a persistent tradition of cultural engagement may generate growth while at the same time bringing about significant changes in the structure and function of the evangelical congregation and in the social construction of Christian identity itself This is the first sociological study of St Michael le Belfrey and the first to take seriously the question of how blazing the trail in terms of mission worship and fellowship influences the way in which congregations exist as Christian communities within the contemporary British context
