Kinship And Marriage Kinship And Marriage:

Kinship and Marriage Robin Fox, 1983 New paperback edition of Robin Fox's study of systems of kinship and alliance which has become an established classic of social science literature **Rethinking Marriage and Kinship** Rodney Needham, 2013-11-05 This volume is concerned with two of the fundamental topics of social anthropology kinship and marriage approached from a variety of viewpoints by an international group of contributors of diverse experience and background The wide range of subjects examined includes Incest epistemology linguistics prescriptive alliance and methodology Fieldwork from the following countries is drawn on Burma Sri Lanka New Guinea Australia Africa and South America **Kinship and Marriage Among the Nuer** Sir Edward Evan Evans-Pritchard, 1960 African Systems of Kinship and Marriage A. R. Radcliffe-Brown, 2015-06-11 Excerpt from African Systems of Kinship and Marriage Kinship looms large among peoples who obtain their livelihood in small groups with simple tools Among such peoples differences of aptitude and special training and duties do not as in more complex societies overwhelm the bonds between those who are born together and intermarry The local groups within which personal relations are developed in work rite and recreation are at the same time bodies of relatives who have ancestors in common and among whom a complex web of ties links every person with others throughout the community The way in which comprehensive obligations of kinship direct the activities and relations which in our society are segregated out as more specifically political economic and religious is a commonplace of social anthropology But the detailed operation of particular factors their relative weight in different circumstances the principles under which these can be subsumed and the real character and role of the many patterns of kinship organization that result are less clearly grasped These are however fundamental questions in a scientific sociology They are also of immediate practical urgency when peoples who have lived in a largely kinbound society are reacting to pressures and incentives from another social world For those attempting to achieve a smooth transition and to elicit the energies and loyalties of such peoples the reason for many intangible obstacles and discords lies in unintended and often avoidable disharmony between the indigenous and the invading social values The concomitant of culture contact is social strain The International African Institute has sought to promote research in the social anthropology of Africa in the belief that more adequate resources intellectual and financial should be devoted to such studies if scientific knowledge is to advance on a scale commensurate with the social problems to which it should be applied In an earlier volume on African Political Systems some of the results of researches into the political systems of African peoples by Fellows and others associated with the Institute were brought together The wide and continuing demand for this study which has afforded insight into the situations with which every student educator and administrator has to deal has encouraged an attempt to provide a similar conspectus on an equally fundamental aspect of the indigenous social life of African peoples The present volume consists of an Introduction in which the general principles underlying African systems of kinship and marriage are reviewed in the light of

our present knowledge and a series of detailed studies by authors who have made intensive field investigations of the particular social systems they analyse Each presents the essential characteristics of one or more varieties of African patterns of kinship About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Marriage, Family, and Kinship Melvin Ember,Carol R. Ember,1983-01-01 Kinship and Marriage in Early Arabia William Robertson Smith,1885 *Kinship and marriage in early Arabia. Ed. by S.A. Cook* William Robertson Smith,1903 *Kinship and Marriage Among the Nuer* Edward Evans-Pritchard,1969 *Kinship and Marriage in a New Guinea Village* H. Ian Hogbin,2021-01-07 The economic and political systems legal code and religious beliefs of the people of the New Guinea village of Busama were analysed by H Ian Hogbin in his earlier work Transformation Scene 1951 In this new study founded on field work carried out at intervals over a seven year period he is concerned primarily with the individual in his relations with the kinship structure He takes a typical Busama through a full span of life from birth through infancy childhood adolescence and marriage to maturity and death and he shows how each stage in the individual s life involves a change in his kinship relationships and responsibilities This approach gives the professional anthropologist a set of carefully presented data analysed in line with the contemporary emphasis on seeing the relations between kin in the context of the local community and it also offers the general reader an enjoyable and authentic account of the intimacies of Melanesian life

Kinship and Marriage Among the Nuer Edward Evan Evans-Pritchard,1973 **Kinship and Marriage in Early Arabia** Smith W. Robertson,2008-11 KINSHIP MARRIAGE IN EARLY ARABIA by THE LATE W ROBERTSON SMITH ADAMS Originally published in 1885 EDITORS PREFACE THE present edition of Kinship and Marriage in Early Arabia is no mere reprint of the work which from its freshness and originality attracted the attention of Semitic scholars and anthropologists in 1885 and laid the foundation of all subsequent research in this department of studies During the nine years which elapsed between its publication and his lamented death Robertson Smith had collected additional notes and references in his own interleaved copy and there were indications that he contemplated the preparation of a second edition and had even marked out for himself certain features and lines of argument which he proposed to develop When in course of time the call for a second edition began to make itself heard it was felt that his new material however incomplete ought not to be withheld and Professor Ignaz Goldziher of Budapest a valued personal friend of the author and the writer of a careful and discriminating review of the book in the Liter atur blatt Orientalische Philologie was invited to see the proposed work through the press This task he unfortunately found himself unable to complete and when it passed into

the hands of the present writer in May 1901 he very generously placed at the disposal of the latter such notes as he had already collected In the discharge of this somewhat delicate task the present editors aim has been to give effect in the first instance to all the authors corrections alterations and additions all other matter whether contributed by himself or others being placed within square brackets Kinship and Marriage itself arose out of that epoch making paper in the Journal of Philology referred to below p xiv and simply marks a stage in the authors investigation of Semitic organisations which was brilliantly followed up by the lectures on the fundamental institutions of the Semites If in the Religion of the Semites primitive ritual rather than primitive society forms the chief theme yet the two works are in a large degree complementary and several points which are only lightly touched upon in Kinship and Marriage receive fuller treatment in the later work Accord ingly it has seemed desirable to introduce into the present edition all necessary references to Religion of the Semites more particularly in those cases though few in number where the author had modified his views **Kinship and Marriage in Early Arabia** Smith,1885 *The Comfort of Kin* Monika Schreiber,2014-05-28 In *The Comfort of Kin* Monika Schreiber presents a study of the social and religious life of the Samaritans a minority in modern Israel and the Palestinian Territories Utilizing approaches ranging from anthropological theory and method to comparative history and religion she approaches this community from diverse empirical and epistemic angles Her account of the Samaritans usually studied for their Bible and their role in ancient history is enriched by a thorough treatment of the Samaritan family a powerful institution rooted in notions of patrilineal descent and perpetuated in part by consanguineous marriage which differs from incest in degree rather than in kind Schreiber also discusses how the tiny community is affected by its demographic predicament intermarriage and identity issues **International bibliography of research in marriage and the family** Joan Aldous,1967 **Kinship and Marriage in Early Arabia** William Robertson Smith,2015-06-14 Excerpt from *Kinship and Marriage in Early Arabia* The object of the present volume is to collect and discuss the available evidence as to the genesis of the system of male kinship with the corresponding laws of marriage and tribal organisation which prevailed in Arabia at the time of Mohammed the general result is that male kinship had been preceded by kinship through women only and that all that can still be gathered as to the steps of the social evolution in which the change of kinship law is the central feature corresponds in the most striking manner with the general theory propounded mainly on the basis of a study of modern rude societies in the late J F McLennan s book on *Primitive Marriage* About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Kinship and Marriage in Early Arabia**
