Los Cipreses Crean En Dios Novela Y Relatos:

Carmen Laforet Anna Caballé, Israel Rolón, 2019-09-19 NUEVA EDICIÓN AMPLIADA DE LA BIOGRAFÍA DEFINITIVA DE UNA MUJER NICA La vida de Carmen Laforet cambió en enero de 1945 cuando contrató el premio Nadal en su primera edición Este galardón significó un antes y un después para una joven de veintitis años que había sorprendido a todo el mundo con Nada una de las grandes novelas españolas de posguerra Se abrió ante ella un mundo de expectativas y exigencias que nunca se llegaron a colmar En la nueva edición de esta documentada biografía Anna Caballé e Israel Rolón Barada levantan por fin el halo de misterio que con el paso de los años envolvió a Carmen Laforet una mujer esquiva que tomó la decisión de desaparecer de la esfera pública e intelectual de su época para que prevaleciera su intimidad y silencio en busca de independencia y libertad Una biografía esencial para entender la atormentada realidad de la misteriosa autora de Nada Lejos de ser una obra superficial sobre la protagonista nos acercamos a la vida de Carmen Laforet con profundidad y sensibilidad En la vida singular de la autora se reconoce la trama de toda una época *Las historias de la Historia (Viajes de papel)* Ramón Acín, 2025-04-11 Si a menudo la literatura tiende a suplir bastante de aquello que en la vida se echa en falta de lo que esta adolece o de lo que no ha sucedido pero bien pudiera haber sucedido Las historias de la Historia ejerce tal función Por eso pretende ser un viaje por algunos momentos de la reciente historia de España a momentos a los que se acogen las obras traídas a colación en su seno porque proporcionan un recorrido fragmentado desde el siglo XIX al XXI al actuar como una lente documento accesible no solo para quienes deseen acercarse al pasado sino para quienes también tropiecen con él *Historias de la pequeña pantalla* Francisca López, 2009 Los ensayos que componen este volumen abordan la vigencia de las representaciones históricas televisuales en la España de los últimos 30 años desde la metodología de análisis y presupuestos teóricos de los estudios culturales **La historia es un árbol de historias. Historiografía, política, literatura** Jordi Canal, 2014-10-21 La historia es un árbol de historias constituye una reflexión sobre algunos puntos esenciales del oficio de historiador desde el espíritu crítico y el compromiso hasta la escritura la complejidad la problematización o la voluntad por acercarse a los verdaderos protagonistas del pasado Tres elementos articulan el conjunto el interés por las cuestiones historiográficas la exploración del territorio de una historia política renovada y la reflexión sobre las relaciones entre historia y literatura Discurso lit y discurso político del Franquismo/ Literary And Political Speech Of The Franquismo Luis Negró Acedo, 2008-01-01 El presente estudio intenta trazar a través del examen de los textos que han parecido más representativos un panorama de la novela producida entre 1936 y 1966 estructurada a partir de los valores políticos y morales en que se apoyó la dictadura del general Franco Con él se pretende contribuir por un lado al esclarecimiento de una historia de la literatura arbitrariamente establecida durante el franquismo y negligente o interesadamente abordada después y por otro a la clarificación de un período histórico cuya memoria ha venido siendo manipulada desde varios frentes a partir de la muerte del dictador sin la cual es incomprensible la España de principios del siglo XXI **Spanish books** Metropolitan

Toronto Central Library. Languages Centre,1974 **Artes/letras** ,1966 **Juan Marsé, su obra literaria** Celia Romea Castro,2005 *La Novela Corta* Roselyne Mogin-Martin,2000 *El franquismo y los intelectuales* Antonio Martín Puerta,2014-02-10

Concluida la guerra civil la situación general de España era de graves carencias Un nuevo régimen autoritario y confesional procedió a crear un marco que pretendió la completa modificación de los datos previos a la guerra El inicialmente no previsto protagonismo de la Iglesia sería ahora elemento capital Sobre el mundo intelectual fraccionado como el resto de la sociedad recayeron en ambos lados especiales circunstancias agravantes censuras y forzadas salidas de España Una extendida visión lo identifica en aquellos años con un mismo y agostado patrimonio cultural interpretación que Julián Marías rechaza contundentemente Al margen tanto de idealizaciones como de críticas fórmulas preestablecidas El franquismo y los intelectuales analiza los antecedentes y resultados del proyecto cultural y político del llamado nacionalcatolicismo como igualmente la situación y la no desdeñable obra de los intelectuales durante las dos primeras décadas del régimen de Franco

Breve historia del franquismo Fernando Paz,2022-05-28 Se ha dicho todo sobre Francisco Franco Vivi España con Franco el periodo de paz más largo de su historia Se sintieron los españoles presos de una dictadura Era Franco un fascista Fue el franquismo una dictadura o un régimen unipersonal Hubo presos políticos Qué pas con ellos Mucho se ha escrito acerca de Franco y el franquismo biografías del Caudillo génesis y evolución del régimen acontecimientos oscuros durante aquellos cuarenta años y otros demasiado difusos Franco y el franquismo continúan siendo recurrentemente invocados en el actual debate político español en la mayoría de las ocasiones sin un conocimiento real de quién fue y lo que supusieron para España sus años de gobierno Faltaba un análisis esclarecedor que explicara el franquismo sin apasionamiento apto para quienes deseen conocer la realidad histórica al margen de principios ideológicos o influencias familiares El ensayo de Fernando Paz es sobre todo una fotografía del periodo franquista Breve historia del franquismo revisa lo que España logró durante aquellas cuatro décadas las oportunidades que no aprovechó cómo influyeron los acontecimientos políticos internacionales en la política interna española y por qué llegó a ser un país relevante entre las naciones del mundo Para conocer cualquier periodo histórico hay que partir de la libre investigación y de la libre opinión El camino por recorrer comienza pues en la libre investigación y concluye en la valoración del hecho histórico algo que como se ha dicho se ha vuelto imposible en el caso de Franco y del franquismo

Primera antología sonora de autores españoles contemporáneos Hipólito Escolar,José García Mazás,1965 Los autores cuyas voces hemos tenido la fortuna de grabar para esta Antología sonora representan diferentes etapas de la literatura española contemporánea mas debemos empezar por advertir que la selección que ofrecemos tiene las limitaciones propias de todo intento de compilar una antología de este tipo y que son el resultado de no poder establecer contacto con todos los escritores que se quisieran entrevistar esta dificultad es lo que la diferencia de una antología de textos En posibles nuevos volúmenes esperamos poder incluir aquellas voces que en nuestra opinión deben figurar en toda buena selección de autores españoles contemporáneos y que están ausentes de esta Recomendamos que los estudiantes

empiecen por leer el texto cuidadosamente en silencio en la seguridad de que las notas servirán para aclarar aquellos significados que no puedan entender directamente en el contenido de la lectura. Esta es labor que pueden hacer en casa. En la clase podrán seguir el texto con la mirada escuchando a cada autor los diálogos de las entrevistas etc. Si tuviesen necesidad de más entrenamiento auditivo sugerimos que escuchen de nuevo las grabaciones pero sin leer. El profesor puede usar también algunas frases como modelo de entonación y pronunciación de los nativos haciendo que los estudiantes traten de imitar a los autores y si es posible grabar estas imitaciones para poder compararlas. Finalmente los ejercicios son tarea para casa. En los cursos más avanzados además de usar esta Antología recomendamos se asigne a los estudiantes el estudio complementario de críticas literarias y la lectura de obras de estos autores y otros contemporáneos suyos.

Nota preliminar **Hombres de fortuna** Carlos Mármol, José María Rondón, 2019-09-05 Los doce personajes de este libro están muertos. Sin excepción. Y sin embargo de alguna u otra forma permanecen vivos a través de sus obras las empresas que crearon. Muchas de ellas siguen vivas. Otras las que han desaparecido forman parte de la memoria sentimental de un tiempo situado entre los siglos XIX y XX que todavía condiciona nuestro presente. Este libro reúne sus historias a partir de hechos y datos biográficos pero al contrario de lo que es habitual en el campo de los estudios económicos se presentan como relatos transformando las respectivas trayectorias en embudo de novelas sobre hombres de fortuna aquellos que partiendo de la nada fueron ascendiendo los peldaños de la escalera del éxito material aunque sea más dudoso concluir si este viaje lleno de luces pero también con sombras terminó convirtiéndose también en un triunfo personal. Los hombres que protagonizan este libro hicieron cosas. En su caso imperios empresariales. Las sociedades mercantiles aunque no hayan sido tradicionalmente objeto de prestigio desde la perspectiva de las humanidades ni gozan de la honorable posición de la alta cultura también son o pueden ser auténticas obras de arte. Organizaciones humanas que crean riqueza mediante la venta de productos y servicios. En unos casos enriquecieron a sus dueños. En otros alimentaron a sucesivas generaciones de trabajadores. Sus creadores lograron hacer miríadas empresariales creando desde el vacío. No podemos afirmar que todos fueran hombres ejemplares. Lo que sí es indiscutible es que fueron personajes singulares con talento e inteligencia suficientes para sobresalir entre sus contemporáneos y buscar en un contexto de extraordinarias dificultades su propio sendero.

¿Qué fue de la niña bonita? La experiencia republicana en la narrativa (1937-2021) Rebeca Rodríguez Hoz, 2023-10-03 La obra que aquí se presenta aborda el estudio de la II República española a través de un acercamiento a los discursos novelados sobre la experiencia republicana pergeados desde la guerra civil hasta nuestros días. Su propósito es indagar el papel desempeñado por la narrativa y la historiografía literaria en la configuración del significado de la primera democracia española y con ella de nuestro presente. Se trata de ofrecer una visión panorámica de la evolución de un denso hojaldrado y casi secular conflicto de interpretaciones por medio del análisis de un mosaico de historias de la II República que contribuya a la mejor comprensión de los discursos sobre la II República en la historia. Esta Historia de las historias de la II República examina la dialéctica entre las a su vez internamente plurales historias

filorreplicanas y antirreplicanas de la II República Y analiza las grandes controversias sostenidas en el seno de la historiografía literaria en torno a la definición del lugar de los cuatro puntos cardinales de la historia española reciente la II República el franquismo el exilio y la transición en la construcción de la modernidad política y cultural Pretende dar cuenta de los usos políticos subyacentes a dichos discursos y los marcos interpretativos en los que se han ido codificando las pugnas por la hegemonía librada entre las diversas corrientes ideológicas y estéticas que han contribuido a la producción y acumulación de sentido sobre la II República en los sucesivos contextos históricos que han dado forma a su vida posterior
