

A romantic couple is shown in profile, facing each other closely. The man on the left has dark, wavy hair and is wearing a white tank top. The woman on the right has long, dark hair and is wearing a green leafy crown. They are both looking down at each other with soft expressions. The background is a bright, hazy sunset over a body of water, with the sun low on the horizon creating a strong backlight effect.

Love in the South Seas Bengt Danielsson, 1956 *Love in the Tropics* Caroline Earle White, 1890 *The South Seas* Sean Brawley, Chris Dixon, 2015-04-21 The South Seas charts the idea of the South Seas in popular cultural productions of the English speaking world from the beginnings of the Western enterprise in the Pacific until the eve of the Pacific War Building on the notion that the influences on the creation of a text and the ways in which its audience receives the text are essential for understanding the historical significance of particular productions Sean Brawley and Chris Dixon explore the ways in which authors and producers ideas about the South Seas were haunted by others who had written on the subject and how they in turn influenced future generations of knowledge producers The South Seas is unique in its examination of an array of cultural texts Along with the foundational literary texts that established and perpetuated the South Seas tradition in written form the authorsexplore diverse cultural forms such as art music theater film fairs platform speakers surfing culture and tourism

fascinating interplay that shaped the imaginations of both colonizer and colonized Drawing on a wealth of primary sources Matsuda describes the constitution of a French Pacific through the eyes of Tahitian monarchs Kanak warriors French politicians and prisoners Asian revolutionaries and Central American laborers among others He argues that French imperialism in the Pacific both real and imagined was registered most forcefully in languages of desire and love for lost islands promised wealth and riches carnal and spiritual pleasures and political affinities Exploring the conflicting engagements with love for and against the empire in the Pacific this book is an imaginative and ground breaking work in global imperial and colonial histories as well as Pacific histories

South Sea Maidens Michael Sturma, 2002-03-30 From the first European contact with Tahiti in 1767 the myth of the South Sea maiden has endured through many incarnations Although the maiden frequently provided an idealized antidote to Western women's self assertion the South Pacific also afforded a space where boundaries between the sexes could be relaxed and transgressed From James Cook and Captain Bligh to James Michener and Margaret Mead the Island girl has occupied a special place in the erotic imagination of the West In a sweeping study that embraces history literature visual arts anthropology and film this study gives fresh insight into the myths and reality of a Western icon While women from far off lands have always been presented as exotic and alluring the South Sea maiden has come to symbolize feminine sexuality as an integral part of the adventure sensuality and romance of the South Pacific Everyone from early explorers to 19th century writers and artists to latter day anthropologists film makers and tourism promoters have extolled their virtues and their bodies Sturma looks behind the popular cliché to reveal how the myth making process reflected not only Western desires but the cut and thrust of changing sexual politics The result is an intriguing look at both South Sea image makers and the women whom they found so seductive
