World Cinema, Theology, and the Human Antonio D. Sison, 2012 Forging an open minded but reasoned dialogue between nine acclaimed titles of world cinema and a range of theological perspectives that touch on the theme of human experience World Cinema Theology and the Human offers fresh portals of insight for the interdisciplinary area of Theology and Film In Sison s approach it is the cinematic representation of vivid humanity not necessarily propositional statements about God and religion that lays down a bridge to a conversation with theology Thus the book s project is to look for the divine presence written not on tablets of stone but on tablets of human hearts depicted on screen by way of audiovisual language Seeking to redress the interdiscipline s narrow predilection for Hollywood blockbusters the book casts its net wider to include a culturally diverse selection of case studies from festival gems such as Singapore s Be With Me and South Africa s Yesterday to widely acclaimed sleeper hits such as Britain s Slumdog Millionaire and New Zealand s Whale Rider The book will appeal to scholars of theology and religious cultural studies interested in the Theology Religion Film interface and because of its commitment to an examination of film qua film a crossover readership from film studies

Growing Information: Part I Eli B. Cohen,2009 Orhan Pamuk and the Good of World Literature Gloria Fisk,2018-02-13 When Orhan Pamuk won the Nobel Prize for Literature in 2006 he was honored as a builder of bridges across a dangerous chasm By rendering his Turkish characters and settings familiar where they would otherwise seem troublingly foreign and by speaking freely against his authoritarian state he demonstrated a variety of literary greatness that testified also to the good literature can do in the world Gloria Fisk challenges this standard for canonization as world literature by showing how poorly it applies to Pamuk Reading the Turkish novelist as a case study in the ways Western readers expand their reach Fisk traces the terms of his engagement with a literary market dominated by the tastes of its Anglophone publics who received him as a balm for their anxieties about Islamic terrorism and the stratifications of global capitalism Fisk reads Pamuk s post 9 11 novels as they circulated through this audience as rich in cultural capital as it is far flung in the American English that is global capital s lingua franca She launches a polemic against Anglophone readers instrumental use of literature as a source of crosscultural understanding contending that this pervasive way of reading across all manner of borders limits the globality it announces because it serves the interests of the Western cultural and educational institutions that produce it Orhan Pamuk and the Good of World Literature proposes a new way to think about the uneven processes of translation circulation and judgment that carry contemporary literature to its readers wherever they live Postwestern Cultures Susan Kollin,2007-01-01 Synthesizes topics of contemporary scholarship of the American West This work examines subjects ranging from the use of frontier rhetoric in Japanese American internment camp narratives to the emergence of agricultural tourism in the New West to the application of geographer J B Jackson s theories to vernacular or abandoned western landscapes In Search of the Kite Runner Judi Hayes,2007-03 In Khaled Hosseini s best selling novel The Kite Runner Riverhead Books 2003 Hosseini shows us an Afghanistan rich in tradition and culture and an Afghanistan torn apart by war and political strife We see Muslims who are not so different from Christians or Jews In Search of the Kite Runner looks at the basic themes that make The Kite Runner such a fascinating and thought provoking story and that make it personal for anyone who has ever wished for a chance to do something over Written from a Christian perspective In Search of the Kite Runner begins with the rudiments of Islamic faith and the Islam of Afghanistan The author likens the struggles of The Kite Runner s characters and those of other literary figures to the struggles and stories of biblical patriarchs She brings to light the complexities of interpersonal and intrafamily relationships and examines the impact that power guilt and the quest for forgiveness and redemption can have on our lives Exploring both the individual and the collective basis for doing good Hayes probes our perceptions about what it means to be religious and what it means to be human From the Popular Insights series The Grammar of Hate Natalia Knoblock,2022-07-14 Hate speech continues to be an issue of key social significance yet while its lexical and discursive aspects have been widely studied its grammatical traits

have been hitherto overlooked This book seeks to address this gap by bringing together a global team of scholars to explore the morphosyntactic features of hateful and aggressive discourse Drawing on thirteen diverse cross linguistic case studies it reveals how hate is expressed in political discourse slang and social media and towards a range of target groups relating to gender sexual orientation and ethnic identity Based on ideas from functional and cognitive linguistics each thematic part demonstrates how features such as morphology word formation pronoun use and syntactic structures are manipulated for the purpose of expressing hostility and hate An innovative approach to an age old problem this book is essential reading for researchers and students of hate speech and verbal aggression
