

A photograph of a desert landscape. In the foreground, there are sand dunes with distinct ripples. The middle ground shows a sandy path leading towards a valley. The valley is flanked by dark, steep rock formations. Sparse, low-lying desert vegetation is scattered across the sandy areas. Reflecting the many experiences of author Michaela Cox's spiritual journey, this compilation is the expression of her gratitude for insightful truths of knowledge and understanding which have made impressions on the author's life. Cox based her selection of scripture on the passages that have touched and inspired her life. The passages offer jewels of guiding truths for a believer's journey or a person's search through the knowledge and understanding that is found in scripture. In giving tribute to her God, Lord, and Savior, and to people who have influenced her, she hopes to express her gratitude and offer insight and guidance to anyone who may need it. *An Envisioned Theory of Everything* Dr.

Udayashankar Bhat, 2018-11-12 The story depicts the voyage of an author to find the unknown. The scientist author, disheartened knowing the limitations of science, submits himself to Rana, his childhood friend and a voluntary spiritual mentor, to experience the ultimate truth. The story commences with an illusionary idea of the pre-universe, unfolds everything from the universe to life, and opens up abundant knowledge of the eternal reality to finally comprehend the true science behind everything. The book is a valuable gift for aspiring intellects to challenge an untrue past and design a future free from miseries.
