M. F. Heath, 2013-05-02 This book is at the interface between Visual Studies and Biblical Studies and is the only monograph to date on St Paul's visual piety Heath argues that biblical scholarship has downplayed this worldly visuality in Christian culture and that the exegesis of Paul is both a partial cause and a symptom of this disciplinary blind spot **Visual Attention Mechanisms** Virginio Cantoni, Maria Marinaro, Alfredo Petrosino, 2012-12-06 Proceedings of the Fifth International School on Neural Networks E R Caianiello on Visual Attention Mechanisms Proceedings of the Fifth International School on Neural Networks E R Caianiello on Visual Attention Mechanisms held 23-28 October 2000 in Vietri sul Mare Italy The book covers a number of broad themes relevant to visual attention ranging from computer vision to psychology and physiology of vision The main theme of the book is the attention processes of vision systems and it aims to point out the analogies and the divergences of biological vision with the frameworks introduced by computer scientists in artificial vision [Making and Breaking the Grid](#) Timothy Samara, 2005-05-01 For designers working in every medium layout is arguable the most basic and most important element Effective layout is essential to communication and enables the end user to not only be drawn in with an innovative design but to digest information easily Making and Breaking the Grid is a comprehensive layout design workshop that assumes that in order to effectively break the rules of grid based design one must first understand those rules and see them applied to real world projects Text reveals top designers work in process and rationale Projects with similar characteristics are linked through a simple notational system that encourages exploration and comparison of structure ideas Also included are historical overviews that summarize the development of layout concepts both grid based and non grid based in modern design practice **Audio-visual Guide**, 1953 **The Visual Turn and the Transformation of the Textbook** James A. LaSpina, 2014-04-04 Is the emerging digital multimedia culture of today transforming the textbook or forever displacing it As new media of transmission enter the classroom the traditional textbook is now caught up in a dialogue reshaping the textual boundaries of the book and with it the traditional modes of cognition and learning which are bound more to language than to visual form Most of the important work in the past two decades in the field of curriculum has focused on the culture of the textbook A rich literature has evolved around textbooks as the traditional object of instructional activity This volume is an important contribution to this literature which focuses on the actual making of a textbook This design process serves as a metaphor that suggests new paradigms of learning and instruction in which text content is but one component in a multidimensional information space

The Visual Turn is an exploration along the border of this new learning space transforming the traditional center of instruction in the classroom

Screenwriting Fundamentals Irv Bauer, 2016-11-03 Screenwriting Fundamentals The Art and Craft of Visual Writing takes a step by step approach to screenwriting starting with a blank page and working through each element of the craft Written in an approachable anecdote infused style that s full of humor Bauer shows the writer how to put the pieces together taking the process of screenwriting out of the cerebral and on to the page Part One of the book covers character location time frame and dialogue emphasizing the particularity in writing for a visual medium Part Two of the book focuses on the narrative aspect of screenwriting Proceeding incrementally from the idea and story outline through plotting and writing the treatment the workshop in a book concludes with writing the First Draft A unique emphasis on the visual elements of storytelling because the camera is always present the screenplay must act as a guide for the director and the editor A workshop in a book approach that walks the reader step by step through a screenplay focusing on character location time frame visual components and transitions with plenty of exercises that generate material for the narrative writing process A process oriented approach combined with a lighthearted tone and approachable style that allows the reader to ease into the daunting task of writing a First Draft and takes them all the way through to the end First Draft in hand
