

Lesson 2-2 Guided Reading Activity

Review Questions

Directions: Read each main idea, answer the questions or respond to the statements below. Refer to your textbook as you write the answers.

A. Main Idea: Even though there are several different kinds of economies, there are more mixed economies— economic systems where tradition, government, and markets each answer some of the WHAT, HOW, and FOR WHOM questions—than any other kind.

1. What factors can lead to the development of mixed economies? What led to the development of U.S. government economic programs in the 1920s and 1930s?
2. Who owns most of the resources in a market or capitalistic economy? In a socialist or command economy? What determines ownership in a traditional economy?
3. Are most economies purely capitalistic, purely command, purely traditional, or mixed? Of the economies that are mixed, what is the most dominate type of mixed economy?

Review Questions

Directions: Read each main idea, answer the questions or respond to the statements below. Refer to your textbook as you write the answers.

B. Main Idea: *Mixed economies* usually share characteristics with all three economic systems— market, socialistic, and traditional.

4. Define communism. What is the difference between communism and a command economy?
5. Are there any true communist economies today? Which economies call themselves communist, and what are they actually, if not communist?
6. Describe the reason Sweden is no longer considered a socialist country. When did it change, and what is its economy today?
7. Name some other mixed-market economies.
8. Is the United States a purely market capitalist economy? Why or why not?

Review Questions

Directions: Read each main idea, answer the questions or respond to the statements below. Refer to your textbook as you write the answers.

C. Main Idea: Mixed economies offer both benefits and disadvantages to members of society.

9. Why are former socialist and command economies, like those of China, Cuba, and Russia, adopting more free-market practices?

Gerrits, 2023-06-22 Each year millions of people are displaced from their homes and lands While international environmental
and social performance standards on land access and involuntary resettlement exist no framework supporting livelihood
restoration has been developed This book provides a framework that will help improve practice for those who are involved in
resettlement projects and crucially improve the outcomes for the resettlement affected households and communities
Evidence from the implementation of public and private sector led resettlement projects indicates that livelihood restoration
is a persistent shortcoming if not failure across these projects This book addresses this issue by re characterising the
livelihood restoration objective as livelihood re establishment and development and proposes a framework for the entire
resettlement process that puts livelihood considerations first The framework enables proactive identification of the potential
livelihood challenges associated with each step of the resettlement process design planning execution monitoring and

evaluation as well as the opportunities that resettlement project development and induced economic growth create This book is essential reading for experts in social impact assessment resettlement specialists planners administrators non governmental and civil society organisations and students of development studies and social policy *Economic Opportunity Act Amendments of 1967* United States.
