Headquarters And Subsidiaries In Multinational Corporations Strategies Tasks And Coordination:

Headquarters and Subsidiaries in Multinational Corporations S. Johnston, 2005-07-31 In the global business environment new organizational forms come and go but in today's multinational corporations the headquarters subsidiary link remains the primary channel by which the firm is managed. It facilitates strategy control and coordination and smoothes the progress of inter unit product personnel factor and knowledge flows of every kind. Using data from CEOs of a large sample of Australian subsidiaries of foreign firms this book brings new insights into the nature of this vital corporate relationship.

Politics and Power in the Multinational Corporation Christoph Dörrenbächer, Mike Geppert, 2011-04-14 This book was first published in 2011. The current financial and economic crisis has negatively underlined the vital role of multinational companies MNCs in our daily lives. The breakdown and crisis of flagship MNCs such as Enron WorldCom Lehman Brothers Toyota and General Motors does not merely reveal the problems of corporate malfeasance and market dysfunction. It also raises important questions both for the public and the academic community about the use and misuse of power by MNCs in the wider society as well as the exercise of power by key actors within internationally operating firms. This book examines how issues of power and politics affect MNCs at three different levels: the macro level, the meso level and the micro level. This wide ranging analysis shows not only that power matters but also how and why it matters, pointing to the political interactions of key power holders and actors within the MNC: both managers and employees.

Multinational Corporations and Organization Theory Christoph Dörrenbächer, Mike Geppert, 2017-02-24 This volume covers a range of on going and newly emerging debates in the study of multinational companies MNCs. A key aim is to consolidate and make available in one place new conceptual methodological and critical MNC research.

Handbook of Business Discourse Francesca Bargiela-Chiappini, 2009-05-12 The Handbook of Business Discourse is the most comprehensive overview of the field to date. It offers an accessible and authoritative introduction to a range of historical disciplinary methodological and cultural perspectives on business discourse and addresses many of the pressing issues facing a growing varied and increasingly international field of research. The collection also illustrates some of the challenges of defining and delimiting a relatively recent and eclectic field of studies including debates on the very definition of business discourse. Part One includes chapters on the origins, advances and features of business discourse in Europe, North America, Australia and New Zealand. Part Two covers methodological approaches such as mediated communication, corpus linguistics, organisational discourse, multimodality, race and management communication and rhetorical analysis. Part Three moves on to look at disciplinary perspectives such as sociology, pragmatics, gender studies, intercultural communication, linguistic anthropology and business communication. Part Four looks at cultural perspectives across a range of geographical areas including Spain, Brazil, Japan, Korea, China and Vietnam. The concluding section reflects

on future developments in Europe North America and Asia

Leveraging Knowledge for Innovation in Collaborative

Networks Luis M. Camarinha-Matos,Iraklis Paraskakis,Hamideh Afsarmanesh,2009-09-21 Collaborative Networks A Tool for Promoting Co creation and Innovation The collaborative networks paradigm offers powerful socio organizational mechanisms supported by advanced information and communication technologies for promoting innovation This in turn leads to new products and services growth of better customer relationships establishing better project and process management and building higher performing consortia By putting diverse entities that bring different perspectives competencies practices and cultures to work together collaborative networks develop the right environment for the emergence of new ideas and more efficient yet practical solutions This aspect is particularly important for small and medium enterprises which typically lack critical mass and can greatly benefit from participation in co innovation networks However larger organizations also benefit from the challenges and the diversity found in collaborative ecosystems In terms of research in addition to the trend identified in previous years toward a sounder consolidation of the theoretical foundation in this discipline there is now a direction of developments more focused on modeling and reasoning about new collaboration patterns and their contribution to value creation Soft issues including social capital cultural aspects ethics and value systems trust emotions behavior etc continue to deserve particular attention in terms of modeling and reasoning Exploitation of new application domains such as health care education and active aging for retired professionals also help identify new research challenges both in terms of modeling and ICT support development

International synergy management: A strategic approach for raising efficiencies in the cross-border interaction process Patrick Daum,2013-06-01 Global economic integration has changed business conditions significantly Corporations operating internationally and establishing foreign subsidiaries are facing the obligation as well as the challenge to profit from cross border interaction However potential synergetic benefits provided by the international environment are accompanied by even more demanding challenges This study elaborates to which extent German small and medium sized manufacturing businesses could benefit from the implementation of a strategic cross border synergy management The study is based on a single case study deriving the research hypotheses and a survey investigating cross border interaction throughout a sample of small and medium sized manufacturing businesses Based on the research findings this paper proposes a holistic framework designed for strategists of small and medium sized manufacturing business It outlines the establishment of the cross border synergy management concept as part of the corporate strategy and the efficient and effective management of international interaction Synergies are not realized by themselves they have to be identified and actively developed within a professionally coordinate process Management of synergy seeking organizations is asked for intensive efforts beyond daily operations Weber and Roventa 2006

Strategy and Governance of Networks

George Hendrikse,Mika Tuunanen,Josef Windsperger,Gérard Cliquet,2008-07-20 The book emphasizes research in economics and management of networks as an interdisciplinary field by offering new theoretical perspectives and presenting new

empirical results on strategic and governance structure issues in cooperatives franchising networks alliances joint ventures and venture capital relations The authors apply different theoretical views on networks such as transaction cost theory property rights theory resource and knowledge based theory evolutionary theory information richness theory and social exchange theory *Success Factors of Regional Strategies for Multinational Corporations* Patrick Heinecke, 2011-01-15 This work examines the factors that drive the success of Multinational Corporations MNCs in their pursuit of regional strategies The author develops a comprehensive regional success factor model by which the effects of regional management autonomy and regional product and service adaptation on the regional success of MNCs as well as the interaction effects of regional orientation and inter regional distance are investigated The model is evaluated by means of the partial least squares PLS method on the basis of a survey based inquiry of the Fortune Global 500 firms with success indicator data for a period of nine years The findings highlight the importance of considering the different degrees of contextual influence in the design of regional strategies where low degrees of regional management autonomy and high levels of regional product service adaptation are found to be appropriate for MNCs to be regionally successful **Initiatives by Subsidiaries of**

Multinational Corporations Lars R. Dzedek, 2018-01-29 In the field of international business it is increasingly recognized that Multinational Corporations MNCs can no longer rely on headquarters as the single source of competitive advantage Therefore growing interest centers on decentralized entrepreneurial initiatives that originate in their network of foreign subsidiaries Based on an extensive review of literature Lars R Dzedek develops a comprehensive framework to help explain how the setting in which a foreign subsidiary operates impacts its entrepreneurial initiatives and outcomes The author conducts an empirical investigation in 14 foreign units of two large MNCs and offers detailed case studies with rich insights into entrepreneurial subsidiary activities *The Internationalisation Strategies of Small-country Firms* Howard Dick, Howard W. Dick, David Merrett, 2007 The international business literature often struggles to depict a universal experience of internationalisation from the perspective of large countries This book seeks to enrich the literature by providing a nuanced overview of the little known Australian experience being an atypical case of a small to medium sized economy which liberalised rapidly from the 1980s outside any trading bloc Six data rich survey chapters explore Australia's mixed success in founding its own multinationals The experience of Australian firms is set in historical and comparative perspective including interactions with inward and specifically American FDI Five industry studies next consider why firms in retail wine and professional services were more successful than in financial services and shipping Nine detailed case studies of firms then identify the elements of administrative heritage strategy and learning that have been the key to success or failure The book concludes by outlining what can be learned from Australia's example and presenting implications for future research The *Internationalisation Strategies of Small Country Firms* will appeal to scholars researchers and postgraduate students in international business and international economics *Multinational Corporations In Political Environments:*

Ethics, Values And Strategies Usha C V Haley, 2001-11-12 Multinational Corporations in Political Environments advances and tests a theory of why foreign corporations leave host states Theories of international business have often ignored the complexity of corporate decisions about leaving foreign countries generally assuming that the economic and competitive reasons that prompt multinational corporations to enter host states also explain their subsequent reasons for leaving Alternatively this book proposes a theory of how different stakeholders values and ethics shape multinationals strategic leaving behaviors Tested in South Africa when US multinationals were facing diverse pressures from stockholders governments and consumers to leave the research provides a prism to isolate how different stakeholders actions influenced multinationals behaviors Detailed analyses of subsidiary level archival data over a period of four crucial years revealed that the multinationals engaged in diverse forms of leaving reflecting their involvements strategies and stakeholders influences The research the first to test which stakeholders strategies including boycotts and sanctions influenced multinationals and which did not and to identify their effects on multinationals behaviors has enormous implications for policy makers managers and social activists The book also applies the findings and explores implications for recent stakeholders attempts at influencing multinationals and governments such as Nike in Asia and the Burmese government through sanctions resolutions and boycotts

Headquarters And Subsidiaries In Multinational Corporations Strategies Tasks And Coordination: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Let's delve into the realm of bestselling books, exploring the captivating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Headquarters And Subsidiaries In Multinational Corporations Strategies Tasks And Coordination : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Headquarters And Subsidiaries In Multinational Corporations Strategies Tasks And Coordination : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
