GREETINGS

The American Friends of the Hebrew University in Jerusalem extend the warmest New Year Greetings to the men and women in this country who have contributed to the growth and development of the great institution on Mount Scopus. In these trying days when the destiny of the Jewish people in Israel is being shaped, and the greatest urgency that the Jewish values which have ever sustained the Jewish people be preserved.

The Hebrew University, the new Jewish Temple, embodies best Jewish values. It is for America to dedicate itself to the building up of the Hebrew University which will form a precious link between the Jews of Israel and the Jews of the world. May the New Year bring peace to Israel and happiness to all.

—I. S. WECHSLER

Israel Government Urges Jewry Support University

The provisional government of Israel gave official recognition to the Hebrew University's leadership in shaping the scientific and cultural future of the Jewish people in an epoch-making resolution which "calls upon Jews throughout the world to come to the aid of the University in the fulfillment of its tasks."

Recently adopted to express the Government's attitude toward the University, the resolution reinforces the leaders of the institution in their determination to maintain the University in Jerusalem in the face of military threats, and to "establish in that city a complete University" which will rank with the world's foremost centers of higher learning.

The complete text of the resolution, with its emphasis on the vital significance of Jerusalem to Jews throughout the world, is reproduced here:

1. The Government of Israel resolves that in the future, as in the past, the city of Jerusalem shall be the religious, cultural and scientific center of the entire country and the Jewish people.

2. The Government therefore resolves that it is incumbent upon the Hebrew

University to continue its activities and to develop them in Jerusalem as a central scientific institution of Palestine and the State of Israel.

3. The Government will extend to the University all assistance possible for its maintenance, development and the expansion of its work.
