**Jennie J. Kronenfeld, Michael
Kronenfeld**

Healthcare Reform In America A Reference Handbook 2nd Edition Contemporary World Issues:

Healthcare Reform in America Jennie Jacobs Kronenfeld, Michael Kronenfeld, 2015-04-14 This valuable handbook makes the U S health care system understandable reviews the Affordable Care Act ACA or Obamacare describes past health care reform efforts and covers the important organizations and people involved in U S health care reform Why does the United States produce poorer outcomes for Americans in terms of health care than most other developed countries that spend a lower percentage of their Gross Domestic Product GDP on health care Should health insurance be private or should it be managed by the government The second edition of Healthcare Reform in America A Reference Handbook addresses these complex and difficult questions and many more in its thorough treatment of one of the most controversial issues in contemporary American discourse The work provides a broad introduction to the history and key issues in the development and reform of the U S health care system It then addresses the recent passage of the Affordable Care Act and the myriad of significant expected changes due to the Act thereby providing readers with information essential to understanding the current issues regarding health care reform This work serves as a valuable resource to high school and college students as well as to general readers wanting to learn about the history and current focus of health care reform in the United States

Global Pandemic Threats Michael C. LeMay, 2016-08-29 This book offers an accessible reference on epidemic and pandemic diseases that provides background information and history explains why pandemics are a newly emerging threat identifies the difficulties in coping with them and provides hope in the form of modern medicine Global Pandemic Threats A Reference Handbook provides all encompassing coverage that introduces key concepts and traces the history of pandemics enabling readers to grasp the complexity of the global problem and the difficulties of executing effective solutions Written in an easy to understand manner it provides a go to resource that systematically addresses dozens of diseases of the past as well as re emergent or newly emerging pathogens that have the potential of becoming pandemics The book s extensive coverage of past pandemics includes bubonic plague cholera influenza measles smallpox tuberculosis typhoid fever and yellow fever and the re emergence of malaria measles pertussis whooping cough poliomyelitis and other contagious diseases It discusses a broad range of newly emerging viral threats such as AIDS HIV avian flu anthrax botulism Ebola E coli Gulf War syndrome hanta virus Lassa virus Lyme disease Marburg virus MERS MRSA Ricin Sin Nombre virus SNV and West Nile virus The work offers perspectives from individuals interested and involved in the fight including medical professionals and health care workers profiles of key organizations and persons a helpful timeline of past and present pandemic outbreaks and a glossary of key terms and concepts

The Global Water Crisis David E. Newton, 2016-04-25 How is water scarcity becoming a serious problem worldwide including in the United States This book provides a broad overview of water sanitation and hygiene problems faced by both developing and developed nations around the globe and suggests how these problems can be solved by imaginative and innovative thinking Human society depends on sufficient clean water In many parts of the world

however this most basic commodity is in very short supply Even in developed first world nations climate change and other factors have begun to create alarming water supply issues The Global Water Crisis A Reference Handbook provides a detailed overview of this important topic enabling readers to understand the nature of the world s water sanitation and hygiene WASH problems and to know what resources are best for conducting their own research on the topic The first chapter of the book provides the historical background information pertaining to the world s water and sanitation problems the second chapter documents the problems explores the issues and presents potential solutions for understanding the nature of WASH issues The other sections provide the needed resources for readers to study the issue of the global water crisis further perspective essays primary documents biographical profiles data and documents an extended annotated bibliography a chronology and a glossary

Youth Substance Abuse David E. Newton, 2016-07-18 This text provides readers with an in depth understanding of the essential aspects of youth substance abuse an important contemporary personal social and public health issue Humans have been using natural and synthetic chemicals for at least two millennia primarily for the purpose of treating medical problems but also for recreational purposes The 2014 Monitoring the Future survey of eighth tenth and twelfth grade students indicates a general decline in the use of illicit drugs over the last two decades On the other hand perceptions among youth that certain types of drug use like marijuana and e cigarettes are harmless are growing

Youth Substance Abuse A Reference Handbook provides an overview of the history and development of youth substance abuse along with a discussion of the medical social psychological legal and economic issues associated with youth substance abuse both in the United States and other parts of the world The book begins with a comprehensive introduction to the subject of youth substance abuse that explains how modern societies have reached the point where abuse of both legal and illegal substances is a major health issue in many nations Readers will learn about the effects of substances such as cocaine marijuana and heroin as well as substances that are typically legal but have deleterious health social or psychological effects such as tobacco alcohol prescription drugs and electronic cigarettes Subsequent chapters address how and why youth substance abuse has become a problem in the United States and other countries the demographics of this widespread problem the direct and indirect effects of youth substance abuse and addiction and the range of services and methods that are available for treating substance abuse

Illegal Immigration Michael C. LeMay, 2015-09-22 A valuable resource for high school college and general readers this book provides an up to date comprehensive examination of illegal immigration in America addressing its complex history comparing its occurrence today with the past and explaining why a solution is so difficult to enact Who is coming into the United States illegally and why What compels people to leave their country of origin Is the United States responsible for taking care of the more than 11 million individuals who are here illegally Are illegal immigrants helping or harming our nation s economy and infrastructure Should our borders be secured as called for by many politicians This book examines the history of illegal immigration in the United States addressing the tough questions about

the issue and describing in detail the most significant issues and events in recent decades It succinctly tackles the topic of illegal immigration without bias explores the myriad of problems and controversies that have arisen due to illegal immigration and explains how lawmakers have historically tried and continue to try to solve these issues This thoroughly revised and updated second edition of *Illegal Immigration A Reference Handbook* covers the debate over the vexing and seemingly intractable illegal immigration problem from all angles and updates the discussion to 2015 It covers the key court executive and legislative branch actions on the matter and examines both state and national level government attempts to cope with illegal immigration The book also contains a variety of primary source documents in summary format that cover all the key laws enacted presidential or state governor s executive actions taken and key court decisions since 1985 These documents not only provide factual data but also give context that allows readers to better grasp the complexity of the problem and the difficulty in trying to improve the situation through regulation

Obesity Judith S. Stern, Alexandra Kazaks, 2015-10-13 Obesity has reached epidemic proportions in countries like the United States This book provides a comprehensive summary of obesity in America and around the world discussing the causes and proposing ways to help stem the tide and to help those who are overweight A highly useful and accessible resource for high school to undergraduate students as well as post graduate level readers with an interest in health and nutrition this updated second edition of *Obesity A Reference Handbook* offers up to date answers to essential questions about obesity and connected societal and health care related issues A single volume go to resource this book addresses difficult questions such as whether obesity is a disease or a moral failing what factors contribute to obesity what the economic impacts of obesity are on the health care industry if and how poverty is a contributor to obesity how our society encourages obesity and how changes can be made to improve our society s eating habits as a whole It presents citations from individuals and peer reviewed journals and review articles providing a balance of information sourced from both professionals and informed lay commentators Also included are dozens of biographies of individuals who have been important in studying preventing managing or increasing awareness about obesity such as Jared Fogle longtime Subway sandwiches spokesperson Kelly Brownell who coined the phrase toxic environment to describe unhealthy food and exercise patterns researcher Ethan Allen Sims who examined the relationship between obesity and diabetes and Oprah Winfrey well known celebrity who stated that if there were a pill to lose weight or a magic diet she would have it

Same-Sex Marriage David E. Newton, 2016-09-26 Same sex marriage continues to be a polarizing subject in the United States and other parts of the world This new edition of *Same Sex Marriage A Reference Handbook* brings readers up to date on the status of same sex unions from social legal political and historical perspectives According to Pew Research poll data in 2001 the majority of Americans opposed same sex marriage 57 percent against 35 percent in support As of 2015 a majority of Americans 55 percent supported same sex marriage with 39 percent expressing opposition The landmark *Obergefell v Hodges* case in which the U S Supreme Court held in a 5 4 decision that the

fundamental right to marry is guaranteed to same sex couples is likely further influencing opinions among U S citizens Still controversy and heated debate continues to ensue on the social legal and political implications of same sex marriage The second edition of Same Sex Marriage A Reference Handbook presents thorough coverage of recent changes in the legal status of same sex marriage in the United States as well as essays that provide historical perspectives on same sex marriage an extensive up to date bibliography a collection of primary source documents a glossary and a chronology that will serve readers studying the topic New material includes a detailed discussion of the 2015 Supreme Court of the United States decision as well as coverage of issues that have arisen as a result of the Obergefell case such as the debate over religious freedom and LGBT civil rights legislation

Prescription Drug Abuse David E. Newton, 2015-12-07 This outstanding resource guide for students and young adults provides an introduction to the history of prescription drug abuse that explains how this problem has arisen and examines the social political economic and health issues associated with prescription drug abuse in modern society Evidence suggests that both adults and youth are abusing a wider range of prescription drugs and abusing them more frequently than has been the case in the past Prescription drugs are the second most common class of drugs abused by Americans more than twice as commonly abused as cocaine and five times as commonly abused as heroin This book provides readers with information about the specific health effects that can result from using certain types of medical chemicals particularly opioid analgesics stimulants depressants and hallucinogenics explains the most important factors that have led to the growth of prescription drug problems and reviews the current status of the issue in the United States and other nations Readers will learn about the dangers associated with the use of prescription drugs for nonmedical purposes the methods that have been put in place and are being developed to prevent the abuse of prescription drugs and the trends in prescription drug misuse with possible explanations for these trends The book also reviews some of the steps being taken by governments and other organizations and agencies to combat the problem of prescription drug abuse

The Minimum Wage Oren M. Levin-Waldman, 2015-12-01 This unbiased look at the minimum wage debate in America traces the history of minimum wage policy at both the federal and state levels discusses the controversies swirling around the issue and examines the veracity of claims made by people on both sides of the debate Minimum wage inspires debate among many Americans from advocates who consider it beneficial to the poor and middle class to those who feel it leads to greater unemployment This comprehensive overview examines the history policies and key players in the minimum wage arena and discusses the various controversies that have surrounded it Author Oren M Levin Waldman presents a balanced approach to the topic shedding light on legitimate evidence from both sides of the argument and debunking claims based on ideology partisanship and distortions of data The book presents an historical overview from the early 20th century through the present day exploring the various legal issues benefits and potential problems of low wage labor markets Contributions from key economists along with profiles of seminal figures and organizations present a variety of different perspectives and show

the expanse of political economic and academic involvement in marshaling effective solutions The content features informative data resources for further action a helpful chronology and a thorough glossary **Juvenile Justice** Donald J. Shoemaker, Timothy W. Wolfe, 2016-01-18 Authoritative current and easy to use this book is an outstanding resource for readers looking to gain an accurate and thorough understanding of American juvenile justice Juvenile delinquency has been of interest to the general public and academic scholars for many decades and it has been an ongoing societal problem for the same amount of time Delinquency covers a range of behaviors from minor offenses such as trespassing or vandalism to the more serious crimes often associated with gangs that include murder Juvenile Justice A Reference Handbook puts juvenile justice under the microscope surveying its long history and key issues exploring the myriad of problems and controversies tied to the juvenile justice system and explains how policymakers and legal professionals have tried to solve these vexing issues The book first presents historical and contemporary discussions of juvenile justice especially in the United States The next chapters address problems controversies and possible solutions for juvenile justice present insightful diverse perspectives from leading experts and profile important figures in the juvenile justice system and the field of crime and delinquency The book also contains data and primary documents that show who gets processed through the juvenile justice system and for what kinds of criminal acts **Solar Energy** David E. Newton, 2015-10-26 This book provides an outstanding single volume resource on the topic of solar energy for young adults and general audiences While how much longer the world's supply of fossil fuels will last is debatable it is a fact that the fossil fuels that we depend on so heavily today are non renewable resources that will inevitably be exhausted making the need to shift to alternative sources of energy such as solar extremely important Solar Energy A Reference Handbook presents encyclopedic coverage of the social political economic and environmental issues associated with the development and use of solar energy in the United States and around the world This book provides an in depth description of the ways solar power has been used for at least 2 000 years It outlines how humankind has utilized various forms of energy from the sun by way of photovoltaic cells concentrating or focusing solar power active and passive solar heating and other mechanisms and provides perspectives on today's solar energy issues from a variety of subject experts Readers will better understand not only the advantages and disadvantages of solar power but also the critical nature of energy production to sustaining life on earth thereby underscoring the importance of developing solar power and other alternative sources of energy to meet the world's energy needs in coming decades The book also includes profiles of key individuals and organizations related to the field of solar energy a chronology of important events in the history of solar energy and a glossary that defines the key terms used in discussing the topic of solar energy **The USA Patriot Act** Howard Ball, 2004-08-30 The USA Patriot Act A Reference Handbook is an in depth examination of the difficult wartime task of balancing civil liberties against national security Within weeks of the September 11 terrorist attacks overwhelming majorities in both houses of Congress passed the USA Patriot Act The act immediately aroused bitter

controversy Some claim it impermissibly infringes on constitutional rights others argue it is a necessary tool to ensure the security of the American homeland Distinguished scholar and prolific author Howard Ball provides the background necessary for a reasoned historical examination of both positions He details the threats to America in the last 60 years emphasizing terrorist acts examines the temporary surrender of civil rights during past American wars and uses that history to analyze the USA Patriot Act both as it exists and as arguments rage over whether to strengthen or weaken the law

Healthcare Politics and Policy in America: 2014 Kant Patel, Mark E Rushefsky, 2014-12-18 This book provides a comprehensive examination of the ways that health policy has been shaped by the political socioeconomic and ideological environment of the United States The roles played by public and private institutional and individual actors in designing the healthcare system are identified at all levels The book addresses the key problems of healthcare cost access and quality through analyses of Medicare Medicaid the Veterans Health Administration and other programs and the ethical and cost implications of advances in healthcare technology This fully updated fourth edition gives expanded attention to the fiscal and financial impact of high healthcare costs and the struggle for healthcare reform culminating in the passage of the Affordable Care Act with preliminary discussion of implementation issues associated with the Affordable Care Act as well as attempts to defund and repeal it Each chapter concludes with discussion questions and a comprehensive reference list Helpful appendices provide a guide to websites and a chronology PowerPoint slides and other instructional materials are available to instructors who adopt the book

Healthcare Politics and Policy in America Kant Patel, Mark E. Rushefsky, 2014-04-25 Fully updated this new edition provides a comprehensive examination of the ways that health policy has been shaped by the political socioeconomic and ideological environment of the United States The roles played by public and private institutional and individual actors in designing the healthcare system are identified at all levels

Antisemitism Jerome A. Chanes, 2004-11-23 A survey of the historical political and sociological contexts of antisemitism in more than 50 countries Antisemitism A Reference Handbook is the first reference work to present a global survey of antisemitism that goes beyond its history to reveal the roots and nature of antisemitism Exploring how antisemitism has manifested itself in various countries from pre Christian times to today s ongoing Palestinian Intifada which has caused severe reactions in Arab and Muslim communities all over the world this unique work traces the history of the hatred of Jews worldwide Approximately 20 biographical sketches profile advocates of antisemitism such as William Marr who coined the term antisemitism and opponents of antisemitism such as St Anselm and Martin Luther King In this serious yet accessible volume students scholars government officials and diplomats will discover the answers to such puzzling questions as What is antisemitism and How does antisemitism relate to racism and to group prejudice in general
