CFA Program Curriculum 2019 Level II Volumes 1-6 Box Set CFA Institute, 2018-08-24 Master the practical aspects of the CFA Program curriculum with expert instruction for the 2019 exam The same official curricula that

CFA Program candidates receive with program registration is now publicly available for purchase CFA Program Curriculum 2019 Level II Volumes 1-6 provides the complete Level II curriculum for the 2019 exam with practical instruction on the Candidate Body of Knowledge (CBOK) and how it is applied including expert guidance on incorporating concepts into practice. Level II focuses on complex analysis with an emphasis on asset valuation and is designed to help you use investment concepts appropriately in situations analysts commonly face. Coverage includes ethical and professional standards, quantitative analysis, economics, financial reporting and analysis, corporate finance, equities, fixed income, derivatives, alternative investments, and portfolio management, organized into individual study sessions with clearly defined Learning Outcome Statements. Charts, graphs, figures, diagrams, and financial statements illustrate complex concepts to facilitate retention, and practice questions with answers allow you to gauge your understanding while reinforcing important concepts. While Level I introduced you to basic foundational investment skills, Level II requires more complex techniques and a strong grasp of valuation methods. This set dives deep into practical application, explaining complex topics to help you understand and retain critical concepts and processes. Incorporate analysis skills into case evaluations. Master complex calculations and quantitative techniques. Understand the international standards used for valuation and analysis. Gauge your skills and understanding against each Learning Outcome Statement. CFA Institute promotes the highest standards of ethics education and professional excellence among investment professionals. The CFA Program curriculum guides you through the breadth of knowledge required to uphold these standards. The three levels of the program build on each other. Level I provides foundational knowledge and teaches the use of investment tools. Level II focuses on application of concepts and analysis, particularly in the valuation of assets, and Level III builds toward synthesis across topics with an emphasis on portfolio management.

Handbook of Finance, Financial Markets and Instruments Frank J. Fabozzi, 2008-11-03. Volume I: Financial Markets and Instruments skillfully covers the general characteristics of different asset classes, derivative instruments, the markets in which financial instruments trade, and the players in those markets. It also addresses the role of financial markets in an economy, the structure and organization of financial markets, the efficiency of markets, and the determinants of asset pricing and interest rates. Incorporating timely research and in-depth analysis, the Handbook of Finance is a comprehensive 3-Volume Set that covers both established and cutting-edge theories and developments in finance and investing. Other volumes in the set: Handbook of Finance Volume II: Investment Management and Financial Management and Handbook of Finance Volume III: Valuation, Financial Modeling, and Quantitative Tools.
