unlearning white saviorism and fixing the mistakes you don't even know you're making. If you're the white parent of a transracially or internationally adopted child, you may have been told that if you try your best and work your hardest, good intentions and a whole lot of love will be enough to give your child the security, attachment, and nurturing family life they need to thrive. The only problem? It's not true. **What White Parents Should Know About Transracial Adoption** breaks down the dynamics that frequently fly under the radar of the whitewashed happily ever after adoption stories we hear so often. Written by Melissa Guida Richards, a transracial transnational and late discovery adoptee, this book unpacks the mistakes you don't even know you're making and gives you the real-life tools to be the best parent you can be to the child you love more than anything. From original research, personal stories, and interviews with parents and adoptees, you'll learn what parents wish they'd known before they adopted and what kids wish their adoptive parents had done differently. What white privilege, white saviorism, and toxic positivity are and how they show up, even when you don't mean it. How your child might feel and experience the world differently than you. All about microaggressions, labeling, and implicit bias. How to help your child connect with their cultural heritage through language, food, music, and clothing. The 5 stages of grief for adoptive parents. How to start tough conversations, work with defensiveness, and process guilt.

Revolutions of the Heart Yahia Lababidi, 2020-03-31. *Revolutions of the Heart* is a genre-bending book where literature, social activism, and mysticism intersect. In this follow-up to Lababidi's first essay collection *Trial by Ink: From Nietzsche to Bellydancing* (2010), the author is undergoing an inner change, as is the world around him. The multifaceted meditations in *Revolutions*—essays, poems, aphorisms, conversations, and even fiction—explore the edifying power of art, Islamophobia and its antidotes, the Egyptian Revolution and its aftermath, American popular culture, and much else in our complex modern world. A series of rich conversations with Lababidi and his various provocative interlocutors shed more intimate light on the subjects under discussion. At times serious, playful, and seriously playful, these exuberant exchanges chart the personal evolution of Lababidi from angst-ridden existentialist thinker besotted with the life of the mind to someone chastened, drawn to Sufism, and seeking to surrender before the primacy of spiritual life. On a political level, as the work of an immigrant and Muslim living in Trump's divided America and our wounded world, *Revolutions* is a book of hope and healing, arguing for nuance and compassion as it attempts to present art as a form of cultural diplomacy and tool for transformation.

Digital Media and Refugeehood in Contemporary Australia Arianna Grasso, 2023-03-13. This book focuses on the resistance practices digitally enacted by a group of refugees in the context of the Australian detention policy. Drawing on critical multimodal and ethnographic discursive analytical research, the author brings to the fore the digitally mediated lived experiences of detained refugees as articulated from Australia-run offshore and onshore detention facilities. The book unveils how refugees self-representation and counter-discursive practices on social media aim to dismantle the dehumanizing exclusionary and obliterating anti-refugee rhetoric that pervades political and media landscapes in contemporary Australia. It will be of interest to academics.
