

# Tips To Make Your Poems Touching And Emotional For Parents

Write the poem yourself, even if you don't have good handwriting. The uneven lines and letters will touch your parent's hearts.

Use a picture from your childhood that you know your parents cherish and may bring back some fond memories.

Give it to them after they come home from a long day of work to cheer them up.

If you use a sample poem, pick one that best describes your parents and may accurately depict their acts of sacrifice and love.

Besides special occasions such as birthdays or mother's and father's day, randomly surprise them with a heart-touching poem.

**Resources in Education**, 2001-10 **Futures of Enlightenment Poetry** Dustin D. Stewart, 2020-10-30 This book offers a revisionist account of poetry and embodiment from Milton to Romanticism Scholars have made much of the period's theories of matter with some studies equating the eighteenth century's modernity with its materialism Yet the Enlightenment in Britain also brought bold new arguments for the immateriality of spirit and evocative claims about an imminent spirit realm Protestant religious writing was of two minds about futurity swinging back and forth between patience for the resurrected body and desire for the released soul This ancient pattern carried over the book argues into understandings of poetry as a modern devotional practice A range of authors agreed that poems can provide a foretaste of the afterlife but they disagreed about what kind of future state the imagination should seek The mortalist impulse exemplified by John Milton and by Romantic poets Anna Letitia Barbauld and William Wordsworth is to overcome the temptation of disembodiment and to restore spirit to its rightful home in matter The spiritualist impulse driving eighteenth century verse by Mark Akenside Elizabeth Singer Rowe and Edward Young is to break out of bodily repetition and enjoy the detached soul's freedom in advance Although the study isolates these two tendencies each needed the other as a source in the Enlightenment and their productive opposition didn't end with Romanticism The final chapter identifies an alternative Romantic vision that keeps open the possibility of a disembodied poetics and the introduction considers present day Anglophone writers who put it into practice
