After a brainstorming session Pontiac executives and engineers decided to slot a 389 ci V 8 into the intermediate sized Tempest against GM rules and the GTO was created Little did they know what a profound impact that decision would make The GTO would become a sensation and later was recognized as the first muscle car of the 1960s Visionaries Pete Estes John DeLorean and other key Pontiac executives knew the youth market was waiting for a bold lightweight sporty car When their staff toyed with the concept of putting the large V 8 in the car Pontiac executives jumped on the idea to meet that perceived market demand Pontiac had a high performance street car that could light up its tires and outperform the vast majority of the cars on the road It also reshaped Pontiac s image of a company producing stodgy lumbering full size cars into a high performance youth brand Pontiac expert and long time writer David Bonaskiewich delves deep into the GTO model and its history bringing the equipment and options of this iconic muscle car into full focus He reveals the hardware under the sheet metal the V 8 engines manual and automatic transmissions rear differentials interior options color codes and so much more When the GTO was released in 1964 it was offered as a unique performance package to the Tempest and high performance enthusiasts stood up and took notice Examined are the GTO s 4 barrel 389 with dual exhaust 3 speed floor shifter stiffer
