Hayward Elite Light Manual:

The Phonographic Manual Charles Morrell, 1901 **Mergent OTC Industrial Manual**, 2003 **A Revolution in Colour** Giorgio Riello, Maria Hayward, Ulinka Rublack, 2024-09-19 This major volume aims to recolor the European world of dress c 1300-1800. New dyes created one of the most important visual experiences of the period yet their story has been sidelined by a focus on visual experiences shaped by the high arts. Meanwhile theatrical productions and period films still abound with broad assumptions about the growing dominance of black clothing for elites during the period while ordinary people are imagined having worn coarse greys and bleached garments. This volume presents clear evidence that even the clothing of the middle classes could be much more expensive than paintings and that coloured clothing and accessories were ubiquitous across society. Contributors shed new light on the economic, environmental and cultural dimensions of colour in dress. The range of dyes expanded considerably in the sixteenth and seventeenth centuries drawing on Asian and Mediterranean knowledge, new collections of recipes and the greater diversity of plants available through New World trade. Working creatively with organic, plant, animal and mineral materials to make colours involved considerable knowledge, pleasure and skill. The creation of colour through dyes thus reveals a whole range of global agricultural and craft technologies that can inspire future material worlds and transform our understanding of Europe's cultural heritage.

A Practical Guide to Costumed Interpretation Jackie Lee, 2023-02-02 A Practical Guide to Costumed Interpretation is just that: a book that takes you through the various stages of becoming an historical costumed interpreter. Jackie Lee has worked in this area of heritage interpretation for over twenty years and sets out what it takes to develop the persona for a character from the past. The methods she shares focus on first person delivery of an historic character. Lee introduces the reader to two new methods she has developed that support character creation and delivery. The three realms highlight the importance of research and making the character believable and the crystal ball which enables the costumed interpreter to look into the future when the occasion demands it. The book is full of practical help on all aspects of the costumed interpreter's craft including costume making and how to prepare personally for stepping out full of confidence ready to engage visitors of all ages. A Practical Guide to Costumed Interpretation is aimed at those interested in becoming costumed interpreters as well as those who wish to develop or revise their techniques. It will also be useful for students of museum practice and heritage interpretation considering costumed interpretation as a means of on-site delivery.
