Tactical & Strategic Reasoning

Can You Make Important
Decisions When It Counts?

What Are Your Strategies?

The HBRI evaluates how you confront problems placed before you. It attempts to assess, essentially, how you reason and whether you have the skills to confront complex issues in the professional world.

STRATEGIC REASONING:

These questions will evaluate your analytical skills. You'll be presented with graphs, tables, and charts and asked to draw conclusions. You'll also be expected to identify logical errors and inaccuracies while scanning data.

TACTICAL REASONING:

Sometimes, you'll have to make important decisions with a limited amount of information. These questions will analyze how well you can make informed judgements in high risk situations.
