

A scenic landscape featuring a wide river in the foreground, reflecting the bright sun. The sun is positioned centrally in the upper half of the image, creating a strong lens flare and illuminating the sky. The river flows from the foreground towards the background, where it meets a range of mountains. The mountains are partially obscured by the sun's glow. On either side of the river, there are dark, silhouetted areas of dense evergreen forest. The overall atmosphere is serene and majestic.

Doomsday Morning C.L. Moore, 2015-09-22 A classic post apocalyptic vision of America created by C L Moore an undisputed master of science fiction's golden age In the wake of a nuclear war the totalitarian system known as Comus has restored order in a shattered America Comus controls every aspect of American life from communications to transportation to law enforcement but cracks are beginning to show rumors of a rebellion in California are brewing and Comus's leadership is aging History is at a crossroads and the man who will decide the outcome is a washed up actor named Howard Rohan Leading a troupe of theatre players to perform in the heart of rebel territory Howard's true mission is to gather intelligence on a device that could bring down Comus But Rohan finds himself slipping between his roles as a double agent and supposed revolutionary sympathizer to the point where even he isn't sure where he stands As America edges closer to its reckoning Rohan will need to decide who he's been lying to the rebels Comus or himself A finely wrought dystopic vision where an oppressive future government utilizes communication networks to spread its tentacles across the United States Science Fiction and Other Suspect Ruminations It need hardly be mentioned at this late date what a gloriously fine writer Moore was she combined elegant yet colorful prose with a distinctive emotional flair and one helluva imagination Fantasy Literature
