Infinite You A Journey To Your Greater Self And Beyond:

Infinite You Pamala Oslie, 2014-01-03 You are far more powerful than you've been taught. A profound shift is occurring in human consciousness. We are evolving into a more highly developed species, one with enhanced abilities and a greater level of awareness, and it is expanding our understanding of reality. There is evidence of this shift. The Greater You Dr. Russell Clayton, 2018-01-08 The Greater You is a calling to evolve. It is a call to awaken beyond the ego mind to the higher self. An extraordinary way of life is within your reach. The Power of Life lies in your alignment with your authentic true self. When you discover your buried true nature, you awaken to your truth. Fear and doubt are then extinguished by the fire of love in your heart. When your fear disappears, freedom rings. Everyone has one thing that they are born for: Your signature frequency lies inside of your loving center. Claim your divine gift of inner knowing, and the world shall know the awesome power of the greater you.

Mystical Experience of Reality Keith Michael Hancock, 2019-12-10 The Mystical Experience of Reality is a well-known non-biological, non-human historical phenomenon that engulfed the author as a 14-year-old several times every year until his late thirties, filling him with the experience of a Reality in which all things known and unknown exist at its behest, guarding, guiding, accepting everything that exists separately, personally, individually. It is benign and uninterested in human wants or constructs such as religions, politics, ideologies. The author is what Buddhism would call a pratyakabuddha, a silent buddha whose experience of this Reality was spontaneous without having been requested or by given human help, a mystic. He insists the experience of Reality is caught, not taught; that it cannot be evangelized or proselytized, worshipped or used. Reality rules; its ways are not our ways. Our ways are not Reality's. Jesus failed. Religions are not spiritual, just emotional. So the book started with a Blog, mysticexperiences.net, for the author to examine himself and existence in accordance with the way of Reality. Accordingly, he found nothing in humanity worth studying. This book is a summation of four years of using writing the blog to explore the awareness given him by his mystical experiences, in the hope it will add to the literature on the subject, which is now being more seriously studied around the world than it has ever been by physicists, metaphysicists, philosophers, theologians, psychologists, even cosmologists, and especially Seekers for whom the author has special messages for their unique hunger and thirst. The book also seeks to pass on Reality's message to the author. All is well.
