Inleiding in de zielkunde. 2. dr J.H. Bavinck,1935 **Inleiding in de zielkunde** Antoon Kuypers,Johan Herman Bavinck,1953 *Inleiding in de zielkunde* ,1955 Gezag is gezag-- Herman Smit,2006 **Inleiding in de zielkunde** Johan Herman Bavinck,1926 **Zielkunde voor opvoeders en onderwijzers** E.A.E. Calinich,1855 *The J. H. Bavinck Reader* Johan Herman Bavinck,2013-06-03 Crucial themes and issues explored by a premier missiologist Johan Herman Bavinck 1895 1964 was a prominent twentieth century Dutch Calvinist missiologist who wrestled with the tension between religious absolutism and relativism as many Christians do in today s pluralistic context The J H Bavinck Reader gathers together a choice selection of Bavinck s significant writings that are essential for understanding his theology of missions his approach to world religions and his religious psychology His treatment of religious consciousness and Christian faith expands on the brief treatment of it in his own work *The Church Between Temple and Mosque* The concluding chapters show how Bavinck s theoretical reflection on religious consciousness was rooted in his close observation during his years as a missionary in Indonesia Offering a constructive way forward Bavinck affirms both the particularity of salvation in Christ and the universality of the Christian hope A substantial introduction enhances the book with the most thorough biographical sketch of Bavinck available *Leerboek der zielkunde* Wilhelm Max Wundt,1898 *Cultures of Child Health in Britain and the Netherlands in the Twentieth Century* ,2016-08-22 The health and welfare of children became an area of concern and action in the early decades of the twentieth century This concern would develop an ever broader remit during the course of the century moving from anxiety about high death rates physical health and the unfit to embrace all children and the mental health and the psychological well being of individuals This volume emerged out of an Anglo Dutch Workshop held at the University of Warwick in July 1999 and is the first book to explore child health in the twentieth century in a comparative perspective focussing on such issues as the link between child health and citizenship the impact of ideas concerning degeneracy socialisation consumerism and children s rights and the role of the family state and experts in mediating child health **T&T Clark Handbook of Neo-Calvinism** Nathaniel Gray Sutanto,Cory Brock,2024-01-25 Neo Calvinism critically advances Reformed orthodoxy for the sake of modern life Birthed in the Netherlands at the turn to the twentieth century initiated by Abraham Kuyper 1837 1920 and Herman Bavinck 1854 1921 it argued that a life before God entailed the leavening of faith over all human existence While the movement originated in the Netherlands the tradition now has a global reach with practitioners and thinkers applying its insights in diverse ways and in their own contexts This handbook is a genealogical introduction to this lively and modern branch of the Reformed tradition with contributors that reflect its global reach Its four sections chart the theological roots important original figures historical contours and the contemporary influence of neo Calvinism across a diversity of fields **Encyclopædie der Wijsbegeerte, met toepassing op de grondbeginselen der Zielkunde. Zen-Existentialism Lit-sen Chang, 2011-07-21 Modern man has found that material achievements are failing him but in his escape from despair he has become an easy prey for the deceptive cult of Zen Existentialism There has emerged a mode of radical New Humanism with its emphasis on human autonomy In place of the God man appears the man god There is a search for the world within the limitless inner space the expansion of consciousness and the transcendental experience of Satori First published in 1969 this book prophetically anticipated the growth of New Age developments in the decades to follow Lit sen Chang directly spoke to the Hippie movement of his day which was then seeking various means of transcendence through drugs and eastern mysticism This book also reflects fifty years of bitter experiences of the author s spiritual pilgrimage and shows how he was miraculously delivered by the grace and power of God from his cul de sac Chang writes of the utter futility of the fantasy of the East analyzes the root causes of the crises in the West and points out the doom of auto soterism after his careful diagnosis of the human problem in cultural philosophical religious and theological terms
