English for Business Studies Teacher's Book Ian

Mackenzie, I. E. Mackenzie, 2010-04 A reading speaking listening and writing course for learners with at least an upper intermediate level of English who need to understand and express the key concepts of business and economics

Fundamentals of Nursing E-Book Barbara L Yoost, Lynne R Crawford, 2019-01-23 Yoost and Crawford's *Fundamentals of Nursing* is back for a second edition encore. The text that made its name by focusing on simple language and active learning continues its focus on helping you truly understand, apply, and retain important nursing information and concepts. Using a warm and conversational style, this new second edition guides you towards a basic understanding of the nursing profession and then logically progresses through the nursing process and into the safe and systematic methods of applying care. Each chapter features realistic and complex case studies and critical thinking exercises woven throughout the content to help you continually apply what you've learned to actual patient care. A conceptual care mapping approach created by Yoost and Crawford themselves further your ability to make clinical judgments and synthesize knowledge as you develop plans of care after analyzing and clustering related patient assessment data. All of this paired with a wealth of student-friendly learning features and clinically focused content offers up a fundamentally different and effective way for you to easily master the fundamentals of nursing. UNIQUE Warm friendly writing style slows down the pace of information to give readers time to critically think and master all fundamental concepts and skills. UNIQUE Building block approach groups topics and concepts together thematically in the order needed for readers to build their knowledge. UNIQUE Objective driven approach presents clearly defined numbered objectives that coordinate with all content and then wrap up with Objective Summaries. UNIQUE Active learning activities are incorporated throughout every chapter to help readers learn to apply chapter content to broader nursing concepts and realistic patient scenarios. UNIQUE Conceptual care mapping is taught and used throughout the text in conjunction with the Conceptual Care Map Creator. UNIQUE Emphasis on QSEN reinforces the Quality and Safety Education for Nurses competencies including patient centered care, teamwork and collaboration, evidence based practice, quality improvement, safety, and informatics. Special feature boxes cover the areas of diversity consideration, evidence based practice, informatics, patient education, healthy literacy, health assessment, questions, interprofessional collaboration, and delegation, ethical and legal practice, home care considerations, safe practice alerts, QSEN critical thinking exercises, and nursing care guidelines. NEW Interprofessional collaboration and delegation content appears throughout the text along with new IPE activities that are integrated into the Evolve resources. NEW UNIQUE Review and exam questions tied to learning objectives use a building block style approach that starts at lower Bloom's taxonomy levels in early chapters and builds to more complex levels as readers acquire more knowledge. NEW Emphasis on assignment and delegation covers the differences between them and how and when they're appropriate for an RN. NEW Content on complementary therapies has been integrated throughout the text to reflect the changes to the NCLEX exam. NEW Additional information has been added in the areas of HCAHPS, Health Literacy, Patient Education, Drugs of Abuse, Zika, Ebola, and more. *Oxford Textbook of*

Doing History Linda S. Levstik, Keith C. Barton, 2022-09-06 Now in its sixth edition Doing History offers a unique perspective on teaching and learning history in the elementary and middle grades Through case studies of teachers and students in diverse classrooms and from diverse backgrounds it shows children engaging in authentic historical investigations often in the context of an integrated social studies curriculum The book is grounded in the view that children can engage in valid forms of historical inquiry asking questions collecting and analyzing evidence examining the varied perspectives and experiences of people in the past and creating evidence based historical accounts and interpretations Grounded in contemporary sociocultural theory and research the text features vignettes in each chapter showing communities of teachers and students doing history in environments rich in literature art writing and discussion The authors explain how these classrooms reflect contemporary principles of teaching and learning and thus the descriptions not only provide specific examples of successful activities but also place them in a context that allows teachers to adapt and apply them in a wide range of settings Doing History emphasizes diversity in two ways Readers encounter students from a variety of backgrounds and see how their diverse experiences can form the foundation for learning and they also see examples of how teachers can engage students with diverse experiences and perspectives in the past including those that led to conflict and oppression The book also discusses principles for working with English learners and newcomers and it provides guidance in using multiple forms of assessment to evaluate the specifically historical aspects of children's learning Updates to this edition include updated historical and instructional examples to ensure currency new suggestions for children's literature to support good teaching expanded attention to teaching about oppressed groups in history and greater attention to when historical perspective taking is and is not appropriate
