Groove I Am Leader Guide:

Groove: I Am Leader Guide Tony Akers, 2015-12-15 Discovering and embracing one's identity has proven to be a long lonely rough and at times dangerous road for today's teenagers. It's likely you've chosen this study to use with your youth group because you care deeply and want the teenagers within your sphere of influence to find the answers to their identity questions in Jesus Christ. The I Am study is not a quick fix for your teenagers' needs. It is a handcrafted tool that when used by compassionate caring and committed adults will ignite their imagination and excitement for whom their Creator says they are and the purpose for which they were designed. I Am will likely raise more questions than it answers and that's intentional. Don't feel the need to make sure all the loose ends are tied up at the conclusion of your youth gathering. Allow your teens the opportunity to leave with ideas and truths on which to reflect and wrestle as they use the daily devotionals provided in the Groove I Am Student Journal. The Groove Bible study series invites teens to learn the essentials of their faith, own their story and engage the world in serving Jesus. Each topical study consists of four weekly sessions that are easy to lead and relate to life issues teens face. With up to 48 weeks available, Groove is great for Sunday and mid-week gatherings for both large and small groups as well as retreats. The leader guide contains everything needed to lead teens through a Groove study including teaching outlines, leader notes, Bible background, reflections, and parent communication. **Julius Cahn's Official**

Maxwell Ph.D., 2016-09-26 Discover the leadership strengths of world-class mountain guides and see how developing and applying these principles can help you reach for the highest summits in work and in life. This intriguing approach to business and personal success introduces six leadership strengths of world-class mountain guides demonstrating social intelligence, adopting a flexible leadership style, empowering others, facilitating the development of trust, managing risk in an environment of uncertainty, and seeing the big picture. The premise is that these same strengths provide a valuable model in the workplace and other networks, whether one is already in a leadership position or aspiring to get there. The result of more than a decade of research combined with the author's personal experience, the book explains how mountain guides coach people to reach for their highest goals in the most challenging environments, often enabling them to far exceed what they imagined possible. The same principles can be applied in business and elsewhere. To set readers on the right path, the author explains six strengths of guides, incorporating interviews and quotes from guides and expedition participants to illustrate leadership lessons and show how they can be successfully used off the slopes. The book also provides a checklist of action steps readers can follow to foster skill development. **The Julius Cahn-Gus Hill Theatrical Guide and Moving Picture Directory**, 1899 **Blast**
