Grrl Alex A Personal Journey To A Transgender Identity:

Grrl Alex Alex Drummond, 2012-01 The possibility of embracing transgender as a legitimate identity is a relatively new phenomenon What this book achieves in straightforward and engaging language is to combine formal academic research with a deeply moving personal narrative to give the reader an insight into the world of a person who came to accept and embrace a transgender identity The book chronicles some of the significant experiences and moments that the author had in making this journey and in exploring what was possible in terms of doing transgender it s an emotional read The author has broken new ground too Gender queering challenges the assumption that to cross genders requires passing convincing others that you really are the opposite gender What the author s work shows is that this is not necessarily the case and that an honest presentation of self even if unconventional can find much more acceptance than many including even the author would have thought possible This book will appeal to anyone interested in extraordinary life narratives and particularly the queer experience and will also have value to readers curious about transgender including mental health professionals who wish to gain further understanding of transgender both from the academic and personal perspective *Handbook of LGBTQ-Affirmative Couple and Family Therapy* Rebecca Harvey, Megan J.
