**The Advocate**, 2001-08-14 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States      **The Artistic Censoring of Sexuality** Susan Mooney, 2008 Through the twentieth century from colonial Ireland to the United States and from Franco's Spain to late Soviet Russia to include sexuality in a novel signaled social progressiveness and artistic innovation but also transgression Certain novelists such as James Joyce Vladimir Nabokov Luis Mart n Santos and Viktor Erofeev radicalized the content of the novel by incorporating sexual thoughts situations and fantasies and thus portraying repressed areas of social cultural political and mental life In *The Artistic Censoring of Sexuality* Fantasy and Judgment in the Twentieth Century Novel Susan Mooney extensively examines four modernist and postmodernist novels that prompted in their day harsh external censorship because of their sexual content *Ulysses* *Lolita* *Time of Silence* and *Russian Beauty* She shows how motifs of censorship with

all its restrictions pressures rules judgments and forms of negation became artistically embedded in the novels plots characters settings tropes and themes These novels contest censorship s status quo and critically explore its processes and power This study reveals the impact of censorship on literary creation particularly in relation to the twentieth century s growing interest in sexuality and its discourses     *The Kenyon Review* John Crowe Ransom,1997 Editor winter 1939 autumn 1941 J C Ransom     **The Cumulative Book Index** ,1990 A world list of books in the English language     **Fables of the Law** Daniela Carpi,Marett Leiboff,2016-10-24 The latest development concerning the metaphorical use of the fairy tale is the legal perspective The law had and has recourse to fairy tales in order to speak of the nomos and its subversion of the politically correct and of the various means that have been used to enforce the law Fairy tales are a fundamental tool to examine legal procedures and structures in their many failings and errors Therefore we have privileged the term fables of the law just to stress the ethical perspective they are moral parables that often speak of justice miscarried and justice sought Law and jurists are creators of fables on the view that law is born out of the facts ex facto ius oritur so that there is a need for narrative coherence both on the level of the case and the level of legislation or turned the other way around what does it mean if no such coherence is found This is especially of interest given the influx of all kinds of new technologies that are fabulous in themselves and hard to incorporate in traditional doctrinal schemes and thus in the construction of a new reality
