McCulloch chain saws are identified by a model number (for example, 5001110) followed by a suffix letter (A, B, C, etc.) stamped on the identification plate attached to the saw. Suffix letters denote variations in parts or assemblies in the manufacture of the saw.

Part numbers listed in this I.P.L. which have a suffix letter or letters following the description, indicate the part is used only on the model(s) identified by the letter or letters.

Part numbers and descriptions without suffix letter or letters apply to all versions of the chain saw model.

Part numbers which have one or more dots (.) preceding their descriptions may be ordered interchangeably, but they are also indicated in the kit or assembly whose description begins directly above the dot(s).

Part numbers in this I.P.L. which were not in the previous I.P.L. covering these saws, are indicated by a dash (-) preceding the new part number.

For your convenience, Service Bulletins which affect part numbers listed in this document are referenced in this I.P.L. Service Bulletin numbers are prefixed and precede part numbers.

The policy of McCulloch Corporation is one of continual improvement in design, manufacturing and engineering advancement wherever possible to assure our five year power tools. Hence, specifications, equipment, colors, design and manufacturer's suggested list prices are subject to change without notice and McCulloch Corporation reserves the right to make such changes without prior notification or obligation to back-fit or supply backfit components for units previously shipped from the factory.
