Stephen Asbury

Mcdonalds Quality Reference Guide 2015:

Health and Safety, Environment and Quality Audits Stephen Asbury, 2023-11-20 Internal auditing is an essential tool for managing compliance and for initiating and driving continual improvement in any organization's systematic HSEQ performance. Health and Safety, Environment and Quality Audits includes the latest health and safety, environmental and quality management system standards: ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018. It delivers a powerful and proven approach to risk-based auditing of business critical risk areas using ISO or your organization's own management systems. It connects the PDCA approach to implementing management systems with auditing by focusing on the organization's context and the needs and expectations of its interested parties. The novel approach leads HSEQ professionals and senior and line managers alike to concentrate on the most significant risks: Big Rocks and Black Swans to their objectives. It provides a step-by-step route through The Audit Adventure™ to provide a high-level, future-focused audit opinion. The whole approach is aligned to the international standard guidance for auditing management systems: ISO 19011:2018. With thousands of copies now sold, this unique guide to HSEQ and operations integrity auditing has become the standard work in the field. Over four editions while securing bestseller status in Australasia, Europe, North America and South Africa, it is essential reading for senior managers and auditors alike. It remains the go-to title for those who aspire to drive a prosperous and thriving organization based on world-class HSEQ management and performance. Dr Stephen Asbury is the author of seven books on safety, risk management and decision making for Taylor Francis. He is Chartered Fellow of the Institution of Occupational Safety and Health (CfIOSH), an Emeritus Professional of the American Society of Safety Professionals (ASSP) and a Fellow of the Institute of Environmental Management and Assessment (FIEMA). He has almost 40 years' experience from assignments in over sixty countries on six continents.

The Global Human Resource Management Casebook Liza Castro Christiansen, Michal Biron, Pawan Budhwar, Brian Harney, 2017-08-04 This casebook is a collection of international teaching cases focusing on contemporary human resource management issues. Each case centers primarily on one country and illustrates a significant challenge faced by managers and HR practitioners, helping students to understand how the issues they learn about in class play out in the real world. The cases emphasize the national and cultural contexts of HR management, providing readers with a global understanding of employee motivation, reward systems, recruitment and selection, career development and more. In this edition, the editors and authors have made significant updates to reflect recent developments in the field and cover a broader range of countries in Eastern Europe and Africa. The authors also delve into new industries like food service, clothing, manufacturing and transportation as well as IT and academia. Recommendations for further reading and relevant videos provide readers with practical insights into the modern HRM field. With more than 30 cases followed by questions and tasks to encourage reflection, this is a valuable companion for any student of human resource management.
