Ebook: Managerial Accounting - Global Edition Ronald Hilton,David Platt,2014-09-16 We are pleased to present this Global Edition which has been developed specifically to acquaint students of business with the fundamental tools of managerial accounting and to promote their understanding of the dramatic ways in which business is changing The emphasis is on teaching students to use accounting information to best manage an organization Each chapter is written around a realistic business or focus company that guides the reader through the topics of that chapter There is significant coverage of contemporary topics such as activity based costing target costing the value chain customer profitability analysis and throughput costing while also including traditional topics such as job order costing budgeting and performance evaluation Many of the real world examples in the Management Accounting Practice boxes have been revised and updated to make them more current and several new examples have been added This Global Edition has been adapted to meet the needs of courses outside the United States and does not align with the instructor and student resources available with the U S edition

Ebook: Advanced Accounting Joe Ben Hoyle,Thomas Schaefer,TIMOTHY DOUPNIK,2014-10-16 The approach used by Hoyle Schaefer and Doupnik in the new edition allows students to think critically about accounting just as they will do while preparing for the CPA exam and in their future careers With this text students gain a well balanced appreciation of the Accounting profession As Hoyle 12e introduces them to the field s many aspects it often focuses on past controversies and present resolutions The text continues to show the development of financial reporting as a product of intense and considered debate that continues today and into the future The writing style of the eleven previous editions has been highly

praised Students easily comprehend chapter concepts because of the conversational tone used throughout the book The authors have made every effort to ensure that the writing style remains engaging lively and consistent which has made this text the market leading text in the Advanced Accounting market The 12th edition includes an increased integration of IFRS as well as updated accounting standards

*Engineering Mechanics: Statics and Dynamics* Francesco Costanzo, Michael Plesha, Gary Gray, 2009-04-16 Plesha Gray and Costanzo's Engineering Mechanics Statics Dynamics presents the fundamental concepts clearly in a modern context using applications and pedagogical devices that connect with today's students The text features a problem solving methodology that is consistently used throughout all example problems This methodology helps students lay out the steps necessary to correct problem formulation and explains the steps needed to arrive at correct and realistic solutions Once students have fully mastered the basic concepts they are taught appropriate use of modern computational tools where applicable Further reinforcing the text's modern emphasis the authors have brought engineering design considerations into selected problems where appropriate This sensitizes students to the fact that engineering problems do not have a single answer and many different routes lead to a correct solution The first new mainstream text in engineering mechanics in nearly twenty years Plesha Gray and Costanzo's Engineering Mechanics Statics and Dynamics will help your students learn this important material efficiently and effectively
