Myth, Masculinity & Me David M. Martin, MA, 2019-10-14 Myth Masculinity Me By David M Martin In today's gender revolution we often hear people identifying as more or less masculine or more or less feminine But do we really know what masculinity is Is it a concrete and definable category or something that is more ambiguous and mutable In this book the author takes the reader along with him on his personal journey exploring his relationship with and growing understanding of masculinity Along the way the reader will hear about both healthy and unhealthy or toxic masculinity The way is perilous and strewn with personal landmines and pathogenic beliefs inherited from culture family and institutions This book utilizes an archetypal and mythopoetic framework to analyze experience and form a new relationship to masculinity and the innermost self Through the story of Peter Pan the author analyzes archetypal masculinity from infancy through childhood Next the author takes the reader through The Strange Case of Dr Jekyll and Mr Hyde to discuss the major split most men face between their inner reality exterior persona and the shadow that lurks behind them Finally the author takes a bold leap into the story of Beowulf to battle the dragons of cultural stereotypes falsely imposed limitations and dangerous self beliefs that affect the individual not just as a man but as a human This is one man's story It is about learning and taking responsibility for the kind of life we ultimately want to lead as well as the kind of world we want to leave behind to those who follow
