Jade Visions Helene LaFaro-Fernandez, 2009 Winner of the Best Book of 2009 Jazz Division sponsored by AllAboutJazz New York 2009 Selected for The Best of the Best from University Presses ALA Conference 2010 Winner of the 2010 Association for Recorded Sound Collections Award for Excellence in Historical Recorded Sound Research in Jazz 2010

Jade Visions is the first biography of one of the twentieth century's most influential jazz musicians bassist Scott LaFaro. Best known for his landmark recordings with Bill Evans, LaFaro played bass a mere seven years before his life and career were tragically cut short by an automobile accident when he was only 25 years old. Told by his sister, this book uniquely combines family history with insight into LaFaro's music by well-known jazz experts and musicians: Gene Lees, Don Thompson, Jeff Campbell, Phil Palombi, Chuck Ralston, Barrie Kolstein, and Robert Wooley. Those interested in Bill Evans, the history of jazz, and the lives of working musicians of the time will appreciate this exploration of LaFaro's life and music as well as the feeling they've been invited into the family circle as an intimate.

Jazz Historiography Daniel Hardie, 2013-12-11 Jazz has been around for over a hundred years, but how much do we know about its history and how much of what we think we know is true? Beginning in the so-called Jazz Age of the 1920s, jazz history was recounted and interpreted by admiring authors and record collectors both in the United States and elsewhere. However, since the early 1990s, some historians have come to doubt the validity of the conventional narrative of the story of jazz and some of its most hallowed traditions. In *Jazz Historiography: The Story of Jazz History Writing*, Daniel Hardie uncovers the course of jazz history writing from early Jazz Age American and French publications to academic texts in the 2000s and seeks answers to questions about the accuracy of those accounts and the influence they have had on our understanding of jazz history, even the impact they might have had on the course of jazz history itself. How much, for example, did the work of jazz historians influence the course of the New Orleans Revival? Was the appearance of bebop in the 1940s a revolutionary response to oppression experienced by Afro-American musicians in a commercialized popular music industry, or was it an attempt to mirror the development of classical music of the time? How has the development of university jazz studies influenced the writing of jazz history?
