Educational Psychology Angela M. O'Donnell, Johnmarshall Reeve, Jeffrey K. Smith, 2011-12-06 Teachers help students learn develop and realize their potential To become successful in their craft teachers need to learn how to establish high quality relationships with their students and they need to learn how to implement instructional strategies that promote students learning development and potential To prepare pre service teachers for the profession the study of educational psychology can help them to better understand their students and better understand their process of teaching Such is the twofold purpose of Educational Psychology to help pre service teachers understand their future students better and to help them understand all aspects of the teaching learning situation The pursuit of these two purposes leads to the ultimate goal of this text namely to help pre service teachers become increasingly able to promote student learning development and potential when it becomes their turn to step into the classroom and take full time responsibility for their own classes

Homeschooling in the 21st Century Robert Maranto, Debra A. Bell, 2018-10-18 Education began on the most intimate levels the family and the community With industrialization education became professionalized and bureaucratized typically conducted in schools rather than homes Over the past half century however schooling has increasingly returned home both in the United States and across the globe This reflects several trends including greater affluence and smaller family size leading parents to focus more on child well being declining faith in professionals including educators and the Internet whose resources facilitate home education In the United States students who are homeschooled for at least part of their childhood outnumber those in charter schools Yet remarkably little research addresses homeschooling This book brings together work from 20 researchers addressing a range of homeschooling topics including the evolving legal and institutional frameworks behind home education why some parents make this choice home education educational environments special education and outcomes regarding both academic achievement and political tolerance In short this book offers the most up to date research to guide policy makers and home educators a matter of great importance given the agenda of the current presidential administration The chapters in this book were originally published as articles in the Journal of School Choice
