Gods Letter To America:

Letter of Paul to the Americans Nicholas F. Mazza, 2020-03-31 Paul's message to American Christians and America No one conceived is a mistake You are divinely wanted by God At the time of your conception you were endowed with a unique spirit or soul that no one else could ever possess This unique spirit is a part of the image and likeness of God You share in the life of God Abortion is the preeminent issue in American culture today It can not be placed in the closet of our minds and hearts as though it is someone's else's problem Each gift of life which is complete and personally crafted by the Creator is the ultimate manifestation of divine thought and love Racism today and abortion both degrade the divine will for all human life America is a nation established for a divine mission that can change the face of the earth and the direction for humanity worldwide Mothers the child in your womb has a right to life a right to dream and a right to be free Plain and simple

America's God Mark A. Noll, 2002-10-03 Religious life in early America is often equated with the fire and brimstone Puritanism best embodied by the theology of Cotton Mather Yet by the nineteenth century American theology had shifted dramatically away from the severe European traditions directly descended from the Protestant Reformation of which Puritanism was in the United States the most influential In its place arose a singularly American set of beliefs In America's God Mark Noll has written a biography of this new American ethos In the 125 years preceding the outbreak of the Civil War theology played an extraordinarily important role in American public and private life Its evolution had a profound impact on America's self definition The changes taking place in American theology during this period were marked by heightened spiritual inwardness a new confidence in individual reason and an attentiveness to the economic and market realities of Western life Vividly set in the social and political events of the age America's God is replete with the figures who made up the early American intellectual landscape from theologians such as Jonathan Edwards Nathaniel W Taylor William Ellery Channing and Charles Hodge and religiously inspired writers such as Harriet Beecher Stowe and Catherine Stowe to dominant political leaders of the day like Washington Jefferson and Lincoln The contributions of these thinkers combined with the religious revival of the 1740s colonial warfare with France the consuming struggle for independence and the rise of evangelical Protestantism to form a common intellectual coinage based on a rising republicanism and commonsense principles As this Christian republicanism affirmed itself it imbued in dedicated Christians a conviction that the Bible supported their beliefs over those of all others Tragically this sense of religious purpose set the stage for the Civil War as the conviction of Christians both North and South that God was on their side served to deepen a schism that would soon rend the young nation asunder Mark Noll has given us the definitive history of Christian theology in America from the time of Jonathan Edwards to the presidency of Abraham Lincoln It is a story of a flexible and creative theological energy that over time forged a guiding national ideology the legacies of which remain with us to this day *American Gods: Shadows #8* Neil Gaiman, P. and the world But this is only possible when these laws are in the hands of the wise and virtuous judges In order to make the system work the people must be taught the law and then they must enter into a solemn covenant to honor and sustain the precepts When Moses gave this law to the ancient Israelites he said it could make them most peaceful prosperous and powerful people in the World However it was revealed to Moses that the people of the age would violate its precepts He then learned that it would not be until the latter days that this law would be lived the way it was originally designed The American Founding Fathers picked up on that promise because it appeared to them that it would be in this choice land where this great promise would one day be fulfilled Nevertheless they recognized that the Constitution was the indispensable foundation for such an inspired system of prosperity justice and peace When they saw the Constitution would gradually unravel they knew that this character of liberty would have to be restored in all its pristine power by some future generation And they knew this would have to occur before God s law could be inaugurated Someday God s law is coming to America It could come rapidly after a period of cleansing and reform even in our day And since Moses said it would eventually transpire there needs to be a generation of Americans trained and motivated to put it into effect Dr Skousen has prepared this present study in hopes that it might be of assistance

America's Destiny: Choosing God's Will or Ours (A Historical & Latter-day Saint Perspective) Tad R. Callister,2023-07-10 America s Destiny sets forth compelling evidence of America s divine origin and destiny that it was a nation founded upon divine providence not coincidence as testified repeatedly by the Founding Fathers respected historians and statesmen This revised edition also adds numerous scriptures and statements from prophets of God attesting to this truth With that perspective America s Destiny asks the question that should be on all of our minds What is the greatest challenge facing our nation today and how should we confront it in a way that pleases God The economy national security immigration gun control poverty racism crime national pandemics climate change While each of these is a valid concern and deserves attention none of them strikes at the heart of our greatest challenge namely finding a way to build stronger homes and bring about a return to family God and moral values To put our prime focus on challenges other than these is to strike at the leaves not the root of the problem It is now our choice and America s choice to place our trust in the wisdom of God or the wisdom of the world to be a nation under God or without God If we become a nation under God then we become eligible to receive the promise Blessed is the nation whose God is the Lord Psalm 33 12

One Nation Under God: The Virtues That Made America Jerry M. Roper PhD,2024-05-10 Virtues are the foundation of Western civilization They are ancient Their value and significance cannot be overstated Virtues afford incredible beauty to the lives of all who practice them and the society that honors respects and teaches virtue to each generation is a society that flourishes Sadly in our rush into 21st Century modernism America has overlaid our foundation of sturdy virtues with high sounding principles seemingly noble but empty values and an anemic Christianity These are flimsy substitutes for wisdom courage hope love and all the other virtues that are the true foundation of America In *One Nation Under God The Virtues That Made America* we will meet virtuous men and women and hear how their stories contributed to the making of America Certainly we will meet some of America s Founding Fathers but we will also hear the stories of common everyday folks whose virtue is the mortar that binds together the nation s foundation It s
