Gods Light Psychiatric Physicians Experience:

God's Light DR RICK. SCARNATI,2017-12-12 A Forensic Psychiatric Physician s Experience of Creation from God s Light When Dr Rick Scarnati was born he was aware of having had an awe inspiring experience Seventy three years later he discovered what that experience was when he was Hypnotically Time Regressed He was successfully sent back in time to his creation from God s Light Dr Rick Scarnati brings the world three inspirational messages from God s Light We were all created from God s Light We all have a grave responsibility to reflect God s Light in everything we do Because we were created from God s Light nothing is impossible **Imagine the God of Heaven** John Burke,2023 Millions of people around the world have reported a near death experience Do they prove the existence of a loving God Never in history until now have we been able to hear from so many people around the world who have been brought back from clinical death Modern medical resuscitation and digital communication have revealed a goldmine of intriguing near death experiences NDEs that show us the character of God John Burke has spent the last three decades studying the commonalities of more than 1000 NDEs His investigative journey started as a skeptical agnostic when his own father was dying from cancer When he first read these eyewitness accounts he couldn t help asking himself Could this be real evidence even possible proof of God s existence John Burke unveils the love story and characteristics of this God of all nations revealed throughout history and in Scripture now illustrated by these thrilling encounters You will realize God s love power compassion friendship and guidance are closer than you could ever imagine And for such a time as this people need to know a loving God is within their reach It's a GOD Thing! Ann Cabb,2011-07-29 It s a GOD Thing is a culmination of the death experiences I have lived This book is to tell the world there really is more than this earthly life It is imperative for people to be aware of what their choices will bring to themselves beyond this life I looked back at the elderly lady to confirm what I knew to be true yes she was dying they were waiting for her I watched the angels watch the elderly lady s loved ones do what humans do to get prepared to lose someone they love Their presence radiated feelings of peacefulness and love feelings that had no words What did the angels look like Any adult you see on the street except they were in robes and were transparent They a male and a female stood at the end of the elderly lady s bed I could see the wall behind the entities who were silently standing at the end of the bed waiting The entities turned and looked at me without showing any emotions or speaking and I knew they knew I could see them Relatives of the elderly lady milled around the bed talking to each other in low voices Some of the relatives walked right by the angels with neither acknowledging the other **The God Impulse** Kevin Nelson,2011-03-03 Why do people have near death experiences Are there physical explanations for those out of body sensations and tunnels of light And what about moments of spiritual ecstasy If Buddha had been in an MRI machine and not under the Bodhi tree when he attained enlightenment what would we have seen on the monitor In THE GOD IMPULSE Kevin Nelson a neurologist with three decades experience examining the biology behind human spirituality deconstructs the spiritual self uncovering its origin in the most primitive

areas of our brain Through his revolutionary studies on near death experience Nelson has discovered that spiritual experience is an incidental product of several different neurological processes acting independently When we feel close to God or sense the presence of departed relatives we may believe that we are standing at the border of this world and the next as individual autonomous rational creatures touching God The reality is far different our brain function resembles a Cubist painting by Picasso or Braque and the experiences we regard as the height of our humanity are in fact produced by primal reflexes THE GOD IMPULSE takes us on a journey into what Nelson calls the borderlands of consciousness The book offers the first comprehensive empirically tested peer reviewed examination of the reasons we are capable of near death experience out of body experience and the mystical states produced by hallucinogenic drugs The Superiority of the Word of God over Psychiatry Dr. Robert Phillips,2024-12-20 This book compares the Bible and psychiatry in depth exploring their origins methodologies and effectiveness The author contends that the Bible is a superior source of guidance and wisdom noting that it was written by men inspired by God s divine Word As such the Bible is considered a reliable and trustworthy source of information offering answers to life s most complex questions In contrast psychiatry is depicted as a pseudoscience that lacks credibility and evidence based practices The DSM 5 which is often regarded as psychiatry s Bible is criticized for its inconsistencies and revisions with the author suggesting that these factors undermine its legitimacy as a scientific tool The text highlights the longevity and endurance of the Bible noting that it has been proven over centuries and has stood the test of time In contrast psychiatry is a relatively new field only a few hundred years old and has yet to prove its effectiveness in treating mental health issues The author suggests that prayer and belief in God are the solutions to life s problems arguing that the Bible provides the moral and ethical framework for living a fulfilling life In contrast psychiatry is viewed as a flawed and ineffective approach to mental health with little evidence of success in curing people and even causing psychological and physical abuse The text emphasizes the importance of God s Word which embodies love healing and salvation as opposed to psychiatry s mistreatment and hatred The author argues that psychiatry s reliance on medication and talk therapy is insufficient and that a spiritual approach is necessary for true healing and fulfillment In summary the text advocates for the superiority of the Bible over psychiatry which is perceived as a flawed and ineffective approach to mental health The author contends that a spiritual approach to life s challenges is essential for achieving true happiness and fulfillment *Tears of an Innocent God* Elias Marechal,2015 A book on contemplation Tears of an Innocent God invites the reader to explore the ways of the One who would have us perceive listen and love as Christ did and still does not by imitation but through a gradual inner transformation *New Proof of God & Satan* James L. Kraft,2015-04-15 Most academic and therapeutic programs do not include spirituality and God as essential components of health and treatment Dr William Kraft gives God a principal place in the house of psychology He shows how and why God experiences are paramount in helping us live a healthy and happy life He describes and analyzes what are healthy and unhealthy experiences of God and how activities including religion can help and hinder our coming to God In short this book is about how and why we come or do not come to God and what difference it makes **Poet Be Like God** Lewis Ellingham, Kevin Killian,1998-07-29 The first biography of poet Jack Spicer 1925 1965 a key figure in San Francisco s gay cultural scene and in the development of American avant garde poetries *Mental Health, Spirituality, and Religion in the Middle Ages and Early Modern Age* Albrecht Classen,2014-07-28 This volume continues the critical exploration of fundamental issues in the medieval and early modern world here concerning mental health spirituality melancholy mystical visions medicine and well being The contributors who originally had presented their research at a symposium at The University of Arizona in May 2013 explore a wide range of approaches and materials pertinent to these issues taking us from the early Middle Ages to the eighteenth century capping the volume with some reflections on the relevance of religion today Lapidary sciences matter here as much as medical psychological research combined with literary and art historical approaches The premodern understanding of mental health is not taken as a miraculous panacea for modern problems but the contributors suggest that medieval and early modern writers scientists and artists commanded a considerable amount of arcane sometimes curious and speculative knowledge that promises to be of value and relevance even for us today once again Modern palliative medicine finds for instance intriguing parallels in medieval word magic and the mystical perspectives encapsulated highly productive alternative perceptions of the macrocosm and microcosm that promise to be insightful and important also for the post modern world **Belief after Freud** Carlos Domínguez-Morano,2020-07-16 Belief after Freud confronts the psychoanalytic experience and the experience of faith A purified vision of faith so many times disfigured by infantile or neurotic dynamics can emerge through the crucible of psychoanalysis The work contributes to the dialogue between psychoanalysis and faith based on the respective lived experiences rather than from theoretical positions only The book is divided into three parts Part I centres on Freud s position on religion After an introductory chapter assessing Freud s present validity the following chapters critically examine Freud s position and interpretation of religion Part II examines how people of faith experience psychoanalysis including the role played by unconscious feelings of guilt and the ideas of sin and salvation Part III explores ideas of sexuality power and obedience including the unconscious and pathological roots of the relation with money and the sense of evangelical poverty Now in its fifth edition in Spain Belief after Freud has also been

published in Argentina and Brazil Many readers say the book has opened a new form of belief for them The book has also been of great interest to non believing psychologists **Mad or God?** Pablo Martinez,Andrew Sims,2018-07-19 Imagine someone with a mind so healthy that he doesn't need to see a psychiatrist Ever Yet that person runs the gauntlet of taunting mockery and false accusations People turn against him Friends disown and desert him He stands alone Amazingly two thousand years after his death the taunts still fly Films and books appear with fresh accusations and oh so convincing arguments How can this man be discredited and silenced for once and for all More to the point can he As psychiatrists we need to speak up Enough is enough Shadow us as we examine what we believe to be the most fascinating mind in all of history Dare you imagine a different reality And what will this mean in practice Jesus had greater influence than any other person who ever lived Yet atheistic detractors often portray him as insane or deranged Claims gather momentum Often they are left unchallenged Is there any basis for such claims The authors respected psychiatrists consider Jesus's words actions and teaching and use fascinating insights from psychiatry to make an assessment We need confidence to weigh up the evidence and reach robust conclusions The authors enable us to articulate a strong defence of Jesus's mental health They help us dispel doubts affirm our faith and present a captivating portrait of Jesus Foreword by John Lennox Part 1 Showing that Jesus was not mentally ill 1 The mind of Christ through a psychiatrist's eye 2 Out of his mind was Jesus psychotic 3 A man of sorrows did Jesus suffer from any other mental disorder Part 2 Showing that Jesus had a healthy mind proved by the coherence of his words and deeds 4 The test of his character and the crowds were amazed 5 The test of a consistent life what evil has he done I find no crime in him 6 The test of meaningful relationships encounters that transformed lives 7 The test of adversity lessons without words in suffering 8 The test of influence his power to change people Epilogue The test of his claims who do you say I am **Safe Here In God's Shadow** June Judd,2016-02-12 She was just a child the first time she heard the gentle guiding voice of God but that was just the beginning God became a constant in her life and she depended on Him to be there for her The author reminds us that God was there not because she was good or holy but because she needed Him She is no better than anyone else and she is a sinner who deserves nothing Safe Here in God's Shadow is a love story the story of a loving God and the story of love found because of Him This book is a reminder that life isn't without adversity but that God is there with us through good times and bad **Indigo Celebration** Lee Carroll,Jan Tober,2001-10-01 By now tens of thousands of readers have enjoyed our book The Indigo Children The book not only stirred the interest of many people throughout the world with respect to the profound change in consciousness being manifest in these special kids but it also taught parents teachers and caregivers how to interact with these very special Indigo children So what do you do with thousands of letters and comments from parents and others about their Indigo experiences Well you write another book An Indigo Celebration is a group of stories articles and additional insights into the Indigo child phenomenon Although we will undoubtedly be writing more academically oriented Indigo books down the line we wanted to stop for a moment and

celebrate these kids how they think how they act and what they re bringing to our lives This book is not only meant to entertain but also to inspire teach and provide meaningful insights Indigo children are part of the positive transformation and shift of the new millennium and this celebration of them is one we hope you will share in Psychiatric Quarterly ,1927
