Gods Touch Faith Wholeness And The Healing Miracles Of Jesus

Bruce G Epperly

Gods Touch Faith Wholeness And The Healing Miracles Of Jesus:

God's Touch Bruce Gordon Epperly, 2001-01-01 The mounting evidence of the interconnectedness of spirituality health and medicine suggests giving new attention to the healing ministry of Jesus Through a fresh reading of the Gospel narratives Bruce Epperly reveals the centrality of whole person healing within Jesus mission as teacher and social reformer and stresses that churches should seek to recover a healing ministry that touches both the spirit and the body God's Touch traces the links between Jesus approach to wholeness of mind body spirit and relationships and the practices of complementary and alternative medicine today Angels, Mysteries, and Miracles Bruce G Epperly, 2017-08-14 There is a tendency among

modern Christians to avoid comment on the idea of miracles or mysterious events that might indicate the direct intervention of God There is an even more pronounced belief that modern liberal or progressive Christians will avoid these ideas A God who is distant the source of everything is acceptable but the idea of supernatural activity is embarrassing at best There is virtually no room for theological discussions of angels demons and paranormal experiences Bruce Epperly is a process theologian and a leading thinker in progressive Christian theology and he believes we need to take another look at God and God's involvement in the universe in which we live Rather than finding ways to defend the intrusive interventions of a distant supernatural God in the traditional sense of the word miracle Bruce sees God as closer so close in fact that God is part of all events God providentially acts in all things not in terms of outside intervention but through ongoing natural interactions that change our lives and the world Join Dr Bruce Epperly as he explores a world of wonders in which is God uncomfortably and comfortingly subtly and actively present Miracles : 2 Volumes Craig S. Keener, 2011-11-01 Christianity Today 2013 Book Award Winner Winner of The Foundation for Pentecostal Scholarship's 2012 Award of Excellence 2011 Book of the Year

Christianbook.com's Academic Blog Most modern prejudice against biblical miracle reports depends on David Hume's argument that uniform human experience precluded miracles Yet current research shows that human experience is far from uniform In fact hundreds of millions of people today claim to have experienced miracles New Testament scholar Craig Keener argues that it is time to rethink Hume's argument in light of the contemporary evidence available to us This wide ranging and meticulously researched two volume study presents the most thorough current defense of the credibility of the miracle reports in the Gospels and Acts Drawing on claims from a range of global cultures and taking a multidisciplinary approach to the topic Keener suggests that many miracle accounts throughout history and from contemporary times are best explained as genuine divine acts lending credence to the biblical miracle reports **Spirits of the Lesser Gods** Rhonda

McClenton, 2007-02 Reiki is an emerging adjunctive therapy that claims to provide physical and psychological healing as well as an experience of spiritual connection It is increasingly employed in counseling centers hospitals and even churches Reiki is believed by many to be a safe non invasive healing intervention that draws individuals towards God Reiki practitioners maintain that they imitate Jesus laying on of hands and claim that their praxis is essentially the same as the healing used by

Jesus as well as by Buddha An ethnographic multi case study was performed comparing the experiences of nine individuals four who received Reiki therapy and five who received Christ based hands on healing The long interview format was employed The transcribed data were coded and analyzed for similar and distinct themes In addition a brief survey was utilized to determine the spiritual interests and involvement of each participant and the spiritual consequences of their healing experiences The findings indicate that Reiki healing is distinct from that which is depicted in the Bible Reiki appears to open up individuals to an energy based healing modality that is spiritual in nature but is not specifically Christian As reported by Reiki practitioners it is a spirituality which welcomes shamanism psychic healing clairvoyance spirit guides and a host of other metaphysical practices as individuals become more intimately involved In addition the research demonstrates that Reiki therapy over time can cause physical emotional and spiritual harm The writer contends that biblical healing which at its core is soteriological and dependent upon the ministry of the Holy Spirit heals mind body and spirit without harmful consequences

Reiki Healing Touch Bruce G. Epperly, Katherine Gould Epperly, 2005 One of the first books to offer a broadened understanding of the spiritual depth of Reiki healing touch by examining it in the light of one of the world's enduring religions Explore the origins of Reiki and the Hebraic roots of Jesus' own healing ministry and discover the use of Reiki in church hospital and hospice settings as well as in the context of the treatment of cancer chronic and terminal illness and death and bereavement Bruce and Katherine Gould Epperly also provide healing rituals and spiritual practices that will help practitioners consciously integrate the inner and outer healing journey

Process Theology: A Guide for the Perplexed Bruce G. Epperly, 2011-03-24 This is an introductory guide to Process Theology for undergraduates As part of Continuum's Guide for the Perplexed series this text provides an accessible introduction to process theology aimed at nurturing the theological imagination of undergraduates pastors and interested laypersons It describes the major themes of process theology and relates them to the everyday lives and spiritual commitments of people today In addition to addressing traditional theological issues Epperly addresses cutting edge issues in theology and ethics such as pluralism and postmodernism matters of life and death science technology and genetics and emerging forms of Christianity This text is designed for seminary and university classes as well as congregational study It will help readers to overcome the obstacles created by the technical language often employed by process theologians Continuum's Guides for the Perplexed are clear concise and accessible introductions to thinkers writers and subjects that students and readers can find especially challenging or indeed downright bewildering Concentrating specifically on what it is that makes the subject difficult to grasp these books explain and explore key themes and ideas guiding the reader towards a thorough understanding of demanding material

Healing Marks Bruce G Epperly, 2012-11-05 Bruce Epperly calls Healing Marks a very personal book as it comes from over thirty years of experiencing the healing stories of Jesus From his early years as a young college professor he sought to make sense of the growing interest in complementary and alternative medicine For seventeen years Bruce was a

chaplain and professor at Georgetown University School of Medicine and was among the first to teach courses on spirituality and medicine at a major medical school While embracing Jesus healing ministry as a pastor professor reiki teacher and spiritual guide he has also wrestled with the meaning of Jesus healing ministry and God's role in healing and sickness in a personal way as a pastor friend child spouse and parent in hospital rooms hospices gravesides and healing services I have heard testimonies about the power of God to cure illness but I have also sat at the bedside of dying friends and congregants who have done everything right according to the principles of their faith traditions and philosophies personal and intercessory prayers positive thinking and affirmations meditation and diet complementary medical treatments and visits to faith healers and energy workers along with the best modern medicine has to offer in treatment and palliation says Bruce Each chapter includes a spiritual practice related to the healing story being considered that is easily shaped for the reader's personal and spiritual needs Rev Epperly also includes questions and spiritual practices for group study and spiritual formation at the end of the book Chapter titles include Transforming Faith Forgiveness and Healing Healing Takes Time Healing Broken Spirits A Healing Lifestyle Healing in a Pluralistic Age and God Why am I Sick

Graduate Theological Education and the Human Experience of Disability Robert C Anderson, 2012-10-12 Create pathways in theological education and congregational practice for people with disabilities Graduate Theological Education and the Human Experience of Disability examines graduate schools of theology and their limited familiarity with the study of disability and the presence of people with disabilities in particular on their campuses Dubbed a missing note by one theologian this text offers critical research and illuminates new pathways for theology and practice in the community of faith Reviews of previous literature theology and practices illuminate how people with disabilities have historically been marginalized by the religious community Theologians people with disabilities and researchers offer suggestions for incorporating disability studies into theological education and religious life This text contains firsthand testimony from people with disabilities who are the necessary sources of wisdom for overcoming barriers By infusing education into existing theological curriculum seminaries may better prepare their students for leadership and ministry in their congregations People with disabilities number 18% of the population yet represent only 5-7% of congregational membership This book explores aspects of theology and disability such as the challenges faced by theological schools that desire to improve both theological curriculum and facilities a review of literature that connects theology and disability from sources such as scripture history faith traditions and social theory the various ideologies that shape the way the human body is understood redefining normal in theological education an overview of critical boundaries that mark the limits and possibilities for theological inquiry about the human experience of disability creative concepts that religious communities may use to better include people with disabilities and their families how the religious community may benefit from the gifts talents and leadership of people with disabilities Graduate Theological Education and the Human Experience of Disability contains a reprint of Dr Harold Wilke's landmark 1978 article from Theological Education

published by the Association of Theological Schools Dr Wilke born without arms was the theologian minister and scholar who first articulated the need to address the human experience of disability in both theological education and congregational life With extensive biographies and inclusive liturgies this innovative text is a valuable resource for seminary professors and leaders clergy and disability advocates **Jesus as Healer** Jan-Olav Henriksen ,Karl Olav Sandnes ,2016 Healings and miracles play a prominent role in the New Testament accounts of Jesus life and ministry In the Western Christian tradition however Jesus works of healing tend to be downplayed and understood as little more than a demonstration of his divine power In this book Jan Olav Henriksen and Karl Olav Sandnes draw on both contemporary systematic theology and New Testament scholarship to challenge and investigate the reasons for that oversight They constructively consider what it can mean for Christian theology today to understand Jesus as a healer to embrace fully the embodied character of the Christian faith and to recognize the many ways in which God can still be seen to have a healing presence in the world **Process and Pastoral Care** Bruce G Epperly,2019-02-07 This concise book the sixth short guide on process theology and its practical implications by Dr Bruce Epperly applies process thought to the calling and activities of pastoral ministry Short and to the point as are all books in the Topical Line Drives series this text will provide pastors and others involved in caregiving ministries a new and adventurous way of thinking about and meeting the challenges of their vocation God is already present in the hospital room and even the funeral home You have the opportunity to experience the vision of what can happen when we discover that God is always opening up new possibilities empowering us to partner with God in healing the world and strengthening us for and comforting us in the difficult times of life Learn to connect more closely to the divine and the human to see more clearly and to participate more completely as God does A practical deeply theological and challenging guide to the adventure of pastoral care **Messy Incarnation** Bruce G. Epperly,2022-09-07 The incarnation is a central Christian doctrine Many books have been dedicated to attempting to understand its mystery and how it fits with the rest of Christian theology But what about the way this doctrine can and should impact the way we live Process theologian and pastor Bruce Epperly addresses this topic in this easy to read but challenging book Starting with a look forward in Advent and moving through the seasons of the Christian year and indeed of life he examines different elements of both the story and the doctrine From expectation we move through the various messy ways in which God acts Christmas Epiphany Pentecost and the emerging kingdom of Christ This book is theology where it meets practice reflection put into practical action and ethics drawn from the deepest wells of the Christ story It will drive you deeper into scripture and spiritual growth from a variety of perspectives and sources reflecting the chasms crossed in the one very messy incarnation **Healing in the Bible** Frederick J. Gaiser,2010-10-01 In the midst of an ongoing debate about health care what does the Bible say about healing Here a respected scholar reads biblical texts on health and healing with care and imagination engaging the reader in lively conversations with the text and with questions of contemporary theological and pastoral concern Gaiser offers close readings

of fifteen key Old and New Testament passages considering their significance for the church's understanding of healing and its ministry today. The book examines such significant matters as God's role in healing, the relation between sickness and sin, healing and prayer, God's healing and medical science, and healing under the sign of the cross, offering fresh insights for anyone interested in Christian views on healing.

Healing Worship: Bruce G. Epperly, 2006-10-01. *Healing Worship: Purpose and Practice* is a resource to enable pastors and other church leaders to integrate healing services into the total life of the church using a wholistic approach that connects healing liturgies with the theology, pastoral care, and social concerns of the church. This book provides practical tools for healing homilies and liturgies, theological reflection on the healing ministry of the church, pastoral self-care, and congregational health care ministries.

The Hermeneutical Spirit Amos Yong, 2017-11-06. In the contemporary biblical studies climate, proposals regarding the theological interpretation of Scripture are contested, particularly but not only because they privilege, encourage, and foster ecclesial or other forms of normative commitments as part and parcel of the hermeneutical horizon through which scriptural texts are read and understood. Within this context, confessional approaches have been emerging, including some from within the nascent pentecostal theological tradition. This volume builds on the author's previous work in theological method to suggest a pentecostal perspective on theological interpretation that is rooted in the conviction that all Christian reading of sacred Scripture is post-Pentecost, meaning after the Day of Pentecost, outpouring of the Spirit on all flesh in anticipation of the coming reign of God. In that respect, such a pentecostal interpretative perspective is not parochially for those within the modern-day movement bearing that name but is arguably apostolic in following after the scriptural imagination of the earliest disciples of Jesus, the messiah, and therefore has ecumenical and missional purchase across space and time. *The Hermeneutical Spirit* thus provides close readings of various texts across the scriptural canon as a model for Christian theological interpretation of Scripture suitable for the twenty-first century global context.

The Analogy of Love Gary Chartier, 2015-11-09. This book offers an overview of Christian theology organized around the twin themes of divine and human love. The book covers the traditional theological topics as well as basic questions of theological method. It seeks to integrate a focus on love throughout. While love is regularly canvassed as a dominant theme in Christian thought, it has rarely been the focus of Christian theological construction or a constraint on theological formulation. The book seeks to suggest, chapter by chapter, how a given topic relates to the broad theme of love. The book is written in a way designed to make it accessible to university students and educated laypersons. At the same time, it takes positions on controverted scholarly issues and the methodological approach outlined at the beginning will be of interest to academic theologians.

Holistic Spirituality Bruce G. Epperly, 2014-02-17. The book of James has gotten a bad rap amongst Christians, especially modern protestants. It's often considered not as theologically serious as the writings of Paul, nor as gracious as the gospels. For some, it's too works-oriented; for others, just a bit obscure. Some have even questioned whether it is truly a Christian book. Let's face it: You're much more likely to see a seminary course on Romans or

Galatians than on James or to hear a sermon for that matter Bruce Epperly doesn't agree with that perspective Not only does he think James has something important to say about the way we live as 21st century Christians just as it did for 1st century Christians but he also doesn't think James is in opposition to Paul He suspects the two apostles would have had no difficulty with each other's theology In this third volume of the Topical Line Drives series he aims to direct readers to the important message of this little book for contemporary Christians He provides a fresh orientation and focus to understanding the message Once you've read his thoughts you'll likely never read James in the same way again Certainly you won't dismiss it

Feminist Eschatology Emily Pennington, 2016-08-25 Many feminist theologians have made timely and valuable contributions to rethinking the eschaton by framing it as cyclical and by embracing endings as they are experienced by present relational fluid and sensuous bodies However any sense of eschatological finality or ultimacy has either been rejected or ignored Feminist Eschatology seeks to think differently about Christian eschatology in light of contributions from feminist theologians noting the numerous and varied critiques they have made of traditional models These critiques are identified as being directed towards three key claims eschatology is understood to be actuated by a domineering God populated by masculinised beings and disassociated from present lives Using a form of strategic feminism wherein traits associated with female bodies and some women's experiences of their bodies are used to rethink the end time of the eschaton this book contributes to the meaning and significance of both bodies and eschatology

The Jubilee Years Bruce Epperly, 2020-11-28 Taking inspiration from the Spanish word for retirement jubilacion veteran minister Bruce Epperly challenges and empowers clergy to see retirement as a celebration of new possibilities Similar in spirit to the Jubilee year described in scripture retirement can be a time of transformation and exploration of freedom to try on new versions of yourself and new paths of service In that spirit clergy can embrace creative transformation in their relationships neighborhoods religious communities and politics No longer tethered to the politics and administrative duties of congregational leadership they can now freely commit themselves to relational intellectual and spiritual growth They can also focus on personal community and planetary healing and transformation Retired clergy can become sages and wisdom givers sharing their insights and energy with seminarians and novice pastors congregations and communities Bringing together the fruits of conversations with more than 100 retired clergy theological reflection and spiritual practices this text provides a way forward for clergy considering retirement and retired clergy Based on interviews from persons from diverse denominations theological perspectives and ethnic and racial backgrounds this book garners wisdom from pastors on their retirement journeys from personal preparation and public announcement to first steps following retirement and long term adventures

Disability and Christian Theology Deborah Beth Creamer, 2009-01-05 This book provides a framework for a new theology of disability which begins with the notion that limits are an unsurprising element of human life This profoundly challenges common sense categories of disabled and non disabled and offers significant new images and

possibilities for theological reflection and action **Process Theology and Healing** Bruce G. Epperly, 2023-12-05 Religious and spiritual healing practices are often seen as a show in which a healer claims to physically cure someone through actions or words. These healings mostly fail. In this booklet, the third of three that integrate process theology with contemporary spiritual life and activity, Bruce Epperly presents a very different view of healing. He calls for a healing ministry, but one that finds God in all things and uses scientific medicine, healing ritual practices, and prayer in concert, sometimes for spiritual healing but also for a way to live out the challenge of illness, to face death with dignity, and yes, sometimes for a cure that appears miraculous. He applies these healing practices not just to human beings but to all life and to the planet we live on. Healing is not the province of a few calling on supernatural forces. Rather, it is a cooperation with the energies God has placed in the universe. Rather than supernatural, it is more natural than anything. Epperly is a specialist in bringing difficult concepts to life for everyone. He combines that skill with the short format of the Topical Line Drives series to present a call for all of us to be healed and to become healers as part of God's call to life and light. This book may well be the call you need to hear to find wholeness, Shalom, in your life and your relationships to others and this world.
