Michael Greer, 2017-03-27 Acclaimed as an instant classic on its original publication and eagerly sought by students of magic ever since *Paths of Wisdom* is a comprehensive introduction to the theory and practice of the magical Cabala as practiced in the Hermetic Order of the Golden Dawn and most other contemporary Western occult traditions Engaging and accessible yet packed with material found in few other books it illumines the Cabalist underpinnings of today's Hermetic magic as never before From the fundamentals of Cabalistic philosophy through a detailed examination of the Spheres and Paths of the Tree of Life to the magical disciplines that bring the symbolism to life as a potent toolkit for self knowledge and esoteric attainment *Paths of Wisdom* is your guide to the principles and practices of the magical Cabala The Tree of Life Israel Regardie, Chic Cicero, Sandra Tabatha Cicero, 2000 Israel Regardie wrote *The Tree of Life* a book many consider his magnum opus in 1932 It has continued to sell for decades And no wonder Up until the time this book was published very little information about true high magic was available to the public In this book Regardie reveals the secrets of real magic He begins with an explanation of what magic is and just as importantly what magic is not He explains that it is a spiritual study and practice which along with forms of yoga forms the two branches of the tree that is mysticism Magic is not being a medium or a psychic Then he explains the tools of the magician what they mean and how to use them He explains the techniques of evocation and invocation skrying and astral travel He shows how the Qabalah unites everything He even gives a description of the secrets of sexual magick All of this is in a clear lucid writing style This book is simply a must for anyone who is or aspires to be a real magician Although Chic and Sandra Tabatha Cicero were friends of Regardie and are Senior Adepts of the Hermetic Order of the Golden Dawn what changes could they have made to this classic book Well they did change the spelling from British style to American And they did change his transliterations of Hebrew into the more popular style he used in his later books But nothing vital was changed or removed Everything else they added was complementary to the text that was there And what incredible additions they are Extensive annotations throughout every chapter over 100 illustrations more descriptive contents pages a glossary a bibliography and an index They've even added a biographical note on Regardie and the importance of this book to him and to the occult world This book contains some of the finest occult writing that has ever been produced And with the new material by the Ciceros it becomes a must have for any magician

The Moses Code James F. Twyman, 2010-03 Is it possible that nearly 3 500 years ago Moses was given the secret for attracting everything you've ever desired The Moses Code was first used to create some of the greatest miracles in the history of the world but then it was hidden away and only the highest initiates were allowed to practice it In this book James F Twyman reveals the Code for the first time showing how it can be used to create miracles in your life and in the world By practicing the principles presented within these pages you'll discover how you can integrate the most powerful manifestation tool in the history of the world into your own life At the very heart of the Moses Code is the true function and practice of the Law of Attraction You may have been told that this Law is all about getting the things you want things that you think will

make your life more satisfying But what if that s just the first step and cracking the Moses Code depends more on what you re willing to give rather than get That would mean that you have the power to create miracles in your life right now It would also mean that you have the ability even the responsibility to use that power for more than just attracting money a better car or the perfect relationship You re here to use the power of Divinity itself to create a world based on the laws of compassion and peace That s the task that lies before us
