Shamanism, Discourse, Modernity Thomas Karl Alberts, 2016-03-03 Shamanism Discourse Modernity considers indigenous peoples struggles for human rights anxieties about anthropocentric mastery of nature neoliberal statecraft and entrepreneurialism of the self The book focuses on four domains shamanism indigenism environmentalism and neoliberalism in terms of interrelated historical processes and overlapping discourses In doing so it engages with shamanism s manifold meanings in a world increasingly sensitive to indigenous peoples practices of territoriality increasingly concerned about humans integral relationship with natural environments and increasingly encouraged and coerced to adjust self conduct to comport with and augment government conduct Buffalo Inc. Sebastian Felix Braun, 2013-01-29 Buffalo as a business on the Cheyenne River Sioux Reservation Some American Indian tribes on the Great Plains have turned to bison ranching in recent years as a culturally and ecologically sustainable economic development program This book focuses on one enterprise on the Cheyenne River Sioux Reservation to determine whether such projects have fulfilled expectations and how they fit with traditional and contemporary Lakota values Drawing upon on site fieldwork and using anthropological economic and ecological approaches Sebastian Felix Braun examines the creation of Pte Hca Ka Inc and its management styles as they evolved over fifteen years He paints a compelling picture of cultural change Braun traces Pte Hca Ka from its origin as a self sustaining project that sought to combine traditional values with modern technology He shows how the company tried to operate on cultural and ecological ideals until the tribal government shed its cultural agenda in favor of a pure business orientation Braun describes these changes and presents the arguments of both sides In Buffalo Inc bison serve as a test case for a broader analysis of issues such as sustainability economic development tribal politics and cultural identity

Extraordinary Anthropology Jean-Guy Goulet, Bruce Granville Miller, 2007-01-01 What happens when anthropologists lose themselves during fieldwork while attempting to understand divergent cultures When they stray from rigorous agendas and are forced to confront radically unexpected or unexplained experiences In Extraordinary Anthropology leading ethnographers from across the globe discuss the importance of the deeply personal and emotionally volatile ecstatic side of fieldwork Anthropologists who have worked in communities in Central America North America Australia Africa and Asia share their intimate experiences of transformations in the field through details of significant dreams haunting visions and their own conflicting emotional tensions Their experiences demonstrate the necessary fluidity of research agendas the value of going beyond an accepted and safe cultural and academic vantage point and the inevitability of wrestling with tension and unhappiness when faced with irreconcilable cultural and psychological dichotomies The contributors explore ways in which conventional research methods can be adapted to creatively engage the intellectual ethical and practical dimensions of these dislocations and capitalize on them Unsettling and revealing Extraordinary Anthropology will spark debate and reflection among anthropologists for years to come **Spiritualism's Place** Averill Earls, Sarah Handley-Cousins, Marissa C.

Rhodes, Elizabeth Garner Masarik, 2024-10-15 In *Spiritualism's Place* four friends and scholars who produce the acclaimed *Dig A History Podcast* share their curiosity and enthusiasm for uncovering stories from the past as they explore the history of Lily Dale. Located in western New York State, the world's largest center for Spiritualism was founded in 1879. Lily Dale has been a home for Spiritualists attempting to make contact with the dead as well as a gathering place for reformers, a refuge for seekers looking for alternatives to established paths of knowledge, and a target for skeptics. This intimate history of Lily Dale reveals the role that this fascinating place has played within the history of Spiritualism as well as within the development of the women's suffrage and temperance movements and the world of New Age religion. As an intentional community devoted to Spiritualist beliefs and practices, Lily Dale brings together multiple strands in the social and religious history of New York and the United States over the past 150 years: feminism, social reform, utopianism, new religious movements, and cultural appropriation. Podcasters and historians alike, Averill Earls, Sarah Handley Cousins, Elizabeth Garner Masarik, and Marissa C. Rhodes, each identify one site in Lily Dale and one theme that its history illuminates. They use those sites and themes to approach Lily Dale not as debunkers but as inquisitive researchers and storytellers. At the same time, they also reflect on their own relationships, contending that it's never quite possible to separate grief, hope, faith, and friendship from understandings of the past. *Spiritualism's Place* breaks myths, unveils unexpected stories, and finds new ways to contemplate Spiritualism's role in American history.

Reimagining Citizenship in Postwar Europe Rachel Chin, Samuel Clowes Huneke, 2025-02-15 *Reimagining Citizenship in Postwar Europe* maps the generation and growth of novel forms of belonging in the years after World War II, crisscrossing the continent from Madrid to Warsaw and from Athens to London. Even as Europe struggled to rebuild, new forms of identity, statehood, and citizenship were beginning to take shape. Rachel Chin and Samuel Clowes Huneke bring together a diverse group of scholars to illustrate how citizenship was reimagined in the postwar decades in unusual settings and unexpected ways while highlighting how ordinary citizens living in democratic and authoritarian regimes alike struggled to forge new kinds of belonging through which to assert their human rights and dignity. Ultimately, *Reimagining Citizenship in Postwar Europe* contends that if we are to grapple with fraying citizenship in the twenty-first century, we must first look to when, how, and why citizenship originated in the calamitous years after World War II.
