**The Graphic Design Exercise Book** Carolyn Knight, Jessica Glaser, 2010 The Graphic Design Exercise Book provides a series of challenging design briefs that reignite a designer's creativity while also imparting new skills. Whatever their age or experience, graphic designers like to be creatively challenged and may also want to broaden their skill base in order to break into new and lucrative areas of the design industry. A range of industry insiders share their specialist knowledge by way of briefs that stretch the imagination and encourage the development of new skills across a range of genres including logos, packaging, branding, identity, promotion, publication design, music graphics, and web design. Organized much like a recipe book, each brief lists the required materials and equipment so that designers can pick and choose. The book provides beginner, intermediate, and advanced challenges in the areas of branding, packaging, page layout, and more. *D30 - Exercises for Designers* Jim Krause, 2013-09-19 Instructive and enlightening. Fun too. D30 is a workout book. In addition to dozens of readily applicable tips, tricks, and informational tidbits, D30 contains thirty exercises designed to develop and strengthen the creative powers of graphic designers, artists, and photographers in a variety of intriguing and fun ways. What will you need to begin? Not much. Most of the book's step-by-step projects call for setting aside an hour or two, rolling up your sleeves, and grabbing art supplies that are probably already stashed somewhere in your home or studio: things like pens, drawing and watercolor paper, India ink, paint, scissors, and glue. Digital cameras and computers are also employed for several of the exercises, but this should be welcome news to those readers who spend their days looking at computer monitors. The majority of the book's activities make use of traditional media to illuminate creative techniques and visual strategies that can be applied to media of all sorts.
