Greenpoint Brooklyn's Forgotten Past:

Greenpoint Brooklyn's Forgotten Past Geoffrey Cobb, 2015-05-17 Other authors have covered local history but Geoffrey Cobb's *Greenpoint Brooklyn's Forgotten Past* unearths a wealth of local history never published previously in one volume. The result of extensive research, forgotten events and characters re-emerge to create a lively and entertaining portrait of the neighborhood's colorful past. [Rendered Safe](#) Jeff Ingber, 2019-11-26 *Rendered Safe* centers on the remarkable life of former NYPD Bomb Squad Detective Donald Sadowy. In the aftermath of the February 1993 World Trade Center bombing, the most devastating terrorist attack on the United States to that point, Sadowy risked his life to search for evidence in the shattered and dangerous sub-basement. There he discovered a piece of chassis frame that contained a VIN number which enabled law enforcement to catch the perpetrators just in time. The massive investigation and recovery effort that followed is revealed through Sadowy's recollections as well as those of a number of other law enforcement agents many never before told. The World Trade Center bombing designed to topple the Twin Towers presaged 9/11. On that day Sadowy defied overwhelming odds to survive being buried alive under the rubble of the collapsed North Tower. In *Forrest Gump* like fashion during his career Sadowy was an astounding magnet for many other significant events and persons. He served for two years as personal bodyguard for U.N. Secretary General Kurt Waldheim. During his 16 years in the NYPD Bomb Squad he was involved in the Abortion Bomber case, the investigation of TWA flight 800, global intelligence missions, the handling of a multitude of improvised explosive devices and the protection of key global figures such as Mikhail Gorbachev and Fidel Castro. At the end of his career while serving in the U.S. Marshal's office Sadowy interacted with notables such as John Gotti Jr. Based on extensive and exclusive interviews with a wide range of officials, *Rendered Safe* takes the reader into the life of a bomb technician and provides a tour of many of the most noteworthy events of recent decades. [The King of Greenpoint](#) [Peter McGuinness](#) Geoffrey Owen Cobb, 2016-09-15 Arguably the most colorful politician Brooklyn ever produced, Peter J. McGuinness came to personify working class Greenpoint between the two world wars. His vivacity, wit, and outrageous antics have become legendary. The first book ever published about this outrageous personality and the product of exhaustive archival research, *King of Greenpoint* describes McGuinness' unlikely rise from longshoreman and amateur boxer to political domination as the last Tammany Hall style ward boss in New York City history. **Brooklyn** Brooklyn League. Committee on Industrial Advancement, 1914. *The Neighborhood Manhattan Forgot* Matthew Spady, 2020-09-01 An illuminating treat, it retraces the neighborhood's fascinating arc from remote woodland estate to the enduring Beaux Arts streetscape. Eric K. Washington, award-winning author of *Boss of the Grips*. This fully illustrated history peels back the many layers of a rural society evolving into an urban community enlivened by the people who propelled it forward: property owners, tenants, laborers, and servants. It tells the intricate tale of how individual choices in the face of family dysfunction, economic crises, technological developments, and the myriad daily occurrences that elicit personal reflection and change of course pushed

Audubon Park forward to the cityscape that distinguishes the neighborhood today A longtime evangelist for Manhattan s Audubon Park neighborhood author Matthew Spady delves deep into the lives of the two families most responsible over time for the anomalous arrangement of today s streetscape the Audubons and the Grinnells Beginning with the Audubons return to America in 1839 and John James Audubon s purchase of fourteen acres of farmland The Neighborhood Manhattan Forgot follows the many twists and turns of the area s path from forest to city ending in the twenty first century with the Audubon name re purposed in today s historic district a multiethnic multi racial urban neighborhood far removed from the homogeneous Eurocentric Audubon Park suburb This well documented saga of demographics chronicles a dazzling cast of characters and a plot fraught with idealism speculation and expansion as well as religious political and real estate machinations Roberta J M Olson PhD Curator of Drawings New York Historical Society The story of the area s evolution from hinterland to suburb to city is comprehensively told in Matthew Spady s fluidly written new history The New York Times
