Mapping The Terrain Of The Heart Mapping The Terrain Of The Heart:

Mapping the Terrain of the Heart Stephen Goldbart, David Wallin, 1997-03-01 If you have read other books about love that have fallen short read this book *Mapping the Terrain of the Heart* is an eloquent guide through love's diverse landscapes that provides a whole new way to think about love relationships Both descriptive and prescriptive it is a book for anyone looking to experience a committed relationship full of passion and tenderness In the labyrinth of love every one of us has his or her own inner map Psychologists Goldbart and Wallin lead us along the metaphorical superhighways on the map of love by charting six easily grasped skills the six capacities of love that are all necessary to a long term stable love relationship the capacities for erotic involvement for merging for idealization for integration for refining and for self transcendence The authors demonstrate in a very practical hands on way how individuals and couples can use these capacities to work on breaking down their usual defenses and grow toward a deeper understanding and connection In defending ourselves against disappointment in love we frequently and often unknowingly throw up obstacles create roadblocks and take detours around these six capacities We think such detours will take us where we want to go in a relationship but too often they do not Goldbart and Wallin's sophisticated but accessible approach using case studies and practical pointers throughout based on solid psycho analytic theory while creating a completely new model for love relationships that also makes intuitive sense *Mapping the Terrain of the Heart* offers a comprehensive psychology of love that maps out the paths to a successful relationship and shows how both individuals and couples can progress toward that ever elusive goal of lasting and passionate love

Mapping the Terrain of the Heart Stephen Goldbart, 1996 Charts six skills that are necessary for a stable love relationship the capacities for erotic involvement for merging for idealization for integration for refining and for self transcendence

"The Eyes of Your Heart" Alison Searle, 2009-04-01 This book develops a theory of imagining biblically that explores the contributions scripture can make to a new way of thinking about creativity reading interpretation and criticism The methodology employed in order to demonstrate this thesis consists of a theoretical exploration of current theological understandings of the imagination and their implications within the fields of literary studies The biblical texts locate the function generally defined as imagination in the heart the eyes of your heart Ephesians 1:18 This book assesses what the biblical text as a literary and religious document contributes to the concept of imagination Due to the eclectic nature of the individual books that comprise the scriptural canon the text is considered primarily in terms of its overarching metanarrative language genres and theological propositions Tracing the various trajectories the biblical text opens up and the ways in which they intersect with and modify post Romantic assumptions about the imagination reconfigures traditional definitions of this concept A Calvinistic evangelical hermeneutic is deployed to establish a theoretical concept of what it means to imagine biblically This is further substantiated by a comparative study of authors ranging from the seventeenth to the twentieth centuries John Bunyan Samuel Rutherford Jane Austen Charlotte Bronte and C S Lewis Each author's chapter incorporates a
