There is growing public support for the use of cannabis for medical and recreational purposes, but what does science say about the matter? What we know is that cannabis contains more than four hundred potentially bioactive components, and while we're unraveling its secrets, the potential medical benefits of using it remain uncertain. Dr. Stephen Holt, a leader in the field of natural medicine, examines the issue in detail, answering questions such as: How can we responsibly use cannabis? What are the risks? What are the possible positive outcomes? Does the delivery method matter? How has cannabis changed over time? He also examines diseases that cannabis might help treat, as well as social and political questions that revolve around using the substance, such as whether it should be taxed, how it fits into religious practice, and its association with violence and crime. Whether you're a health care professional, politician, someone seeking a new treatment option, or a concerned citizen, it's critical to inform yourself about *The Cannabis Revolution*.

God Made Marijuana Santos O. González PhD, 2017-06-09 As the debate rages on over the legality of marijuana use and cultivation what if the final word on the use and cultivation of marijuana was actually found in the Word the Holy Bible And what if Gods Word actually said that cannabis was not only morally and ethically acceptable but that it could help you mature spiritually and bring you closer to God *God Made Marijuana A Modern Moral Ethical Argument Supporting the Use Cultivation and Legalization of Cannabis* shows you why its okay with God if you smoke cultivate or use marijuana Exploring the role of cannabis in medicine politics history religion and society author Santos O Gonzalez PhD provides scriptural evidence that shows that marijuana is good physically emotionally and spiritually and that individuals are not breaking any biblical moral code that prohibits its use for medicinal recreational or spiritual purposes *God Made Marijuana* also describes

how the prohibition of marijuana and the war on drugs are politically and culturally constructed aberrations of the truth that have no grounding in God's moral authority. With justifications that are rooted in the final authority God, the Bible, and other sacred texts, users of cannabis or marijuana can continue without guilt. But even more, they can move forward with the knowledge that their use can help them expand their consciousness and grow closer to God.

Marijuana Is Safer Steve Fox, Paul Armentano, Mason Tvert, 2013 In 2012, voters in Colorado shocked the nation's political establishment by making the use of marijuana legal for anyone in the state twenty-one years of age or older. In the wake of that unprecedented victory, nationally recognized marijuana policy experts Steve Fox, Paul Armentano, and Mason Tvert revisit the *Marijuana Is Safer* message that contributed to the campaign's success, as the first edition of this book predicted in 2009. This updated and expanded version of *Marijuana Is Safer* includes a new chapter on the Colorado victory and information about how supporters can model similar campaigns in other states, along with updates to research that supports the position that marijuana is safer than alcohol. The authors, through an objective examination of marijuana and alcohol and the laws and social practices that steer people toward the latter, pose a simple yet rarely considered question: Why do we punish adults who make the rational, safer choice to use marijuana instead of alcohol? *Marijuana Is Safer* provides an introduction to the cannabis plant and its effects on the user, debunks some of the government's most frequently cited marijuana myths, and most importantly, provides persuasive arguments and talking points for the millions of Americans who want to advance the cause of
