Contemporary Spanish Gothic Ann Davies, 2016-10-27 Examines Spain's contribution to international interest in Gothic culture film and literature With the success of novels such as *The Shadow of the Wind* and films like *The Others* contemporary Spanish culture has contributed a great deal to the imagery and experience of the Gothic although such contributions are not always recognised as being specifically Spanish in origin Contemporary Spanish Gothic is the first book to study how the Gothic mode intersects with cultural production in Spain today considering some of the ways in which such production feeds off and simultaneously feeds into Gothic production more widely Examining the works of writers and filmmakers like Carlos Ruiz Zafón Arturo Pérez-Reverte Pedro Almodóvar and Alejandro Amenábar as well as the further reaches of Spanish Gothic influence in the Twilight film series the book considers images and themes like the mad surgeon and the vulnerable body the role of the haunted house and the heritage biopics of Francisco de Goya

Flamenco on the Global Stage K. Meira Goldberg, Ninotchka Devorah Bennahum, Michelle Heffner Hayes, 2015-10-20 The language of the body is central to the study of flamenco From the records of the Inquisition to 16th century literature to European travel diaries the Spanish dancer beguiles and fascinates The word flamenco evokes the image of a sensuous and rebellious woman the bailaora whose movements seduce the audience only to reject their attention with a stomp of defiance The dancer's body is an agent of ideological resistance conveying a conflicting desire for subjectivity and autonomy and implying deeply held ideas about history national identity femininity and masculinity This collection of new essays provides an overview of flamenco scholarship illuminating flamenco's narrative and chronology and addressing some common misconceptions The contributors offer fresh perspectives on age-old themes and suggest new paradigms for flamenco as a cultural practice

Spanish New York Narratives 1898-1936 David Miranda-Barreiro, 2017-07-05 In the early decades of the twentieth century New York caught the attention of Spanish writers Many of them visited the city and returned to tell their experience in the form of a literary text That is the case of *Pruebas de Nueva York* 1927 by Jose Moreno Villa 1887 1955 *El crisol de las razas* 1929 by Teresa de Escoriaza 1891 1968 *Anticipolis* 1931 by Luis de Oteyza 1883 1961 and *La ciudad automatica* 1932 by Julio Camba 1882 1962 In tune with similar representations in other European works the image of New York given in these texts reflects the tensions and anxieties generated by the modernisation embodied by the United States These authors project onto New York their concerns and expectations about issues of class gender and ethnicity that were debated at the time in the context of the crisis of Spanish national identity triggered by the end of the empire in 1898 Companero Jorge G. Castañeda, 2009-07-16 By the time he was killed in the jungles of Bolivia where his body was displayed like a deposed Christ Ernesto Che Guevara had become a synonym for revolution everywhere from Cuba to the barricades of Paris This extraordinary biography peels aside the veil of the Guevara legend to reveal the charismatic restless man behind it Drawing on archival materials from three continents and on interviews with Guevara's family and associates Castaneda follows Che from his childhood in the Argentine middle class through the years of pilgrimage that turned him into a committed revolutionary He examines Guevara's complex relationship with Fidel Castro and analyzes the flaws of character that compelled him to leave Cuba and expend his energies and ultimately his life in quixotic adventures in the Congo and Bolivia

rightful place at the heart of history Detroit's Cold War Colleen Doody,2012-12-17 Detroit's Cold War locates the roots of American conservatism in a city that was a nexus of labor and industry in postwar America Drawing on meticulous archival research focusing on Detroit Colleen Doody shows how conflict over business values and opposition to labor anticommunism racial animosity and religion led to the development of a conservative ethos in the aftermath of World War II Using Detroit with its large population of African American and Catholic immigrant workers strong union presence and starkly segregated urban landscape as a case study Doody articulates a nuanced understanding of anticommunism during the Red Scare Looking beyond national politics she focuses on key debates occurring at the local level among a wide variety of common citizens In examining this city's social and political fabric Doody illustrates that domestic anticommunism was a cohesive multifaceted ideology that arose less from Soviet ideological incursion than from tensions within the American public
