Leaving Left Behind Mike Wilson, 2021-01-19 Positive psychologists have proven that positivity leads to success but most Christians in America have chosen to believe a single eschatological theory that leads to pessimism and cynicism Pessimistic Christians put themselves in Christian bubbles and focus on self preservation and when a mind is clouded by negativity interpretations of biblical prophecy lean toward the pessimistic possibilities The fantastic writing of the Left Behind books has popularized premillennial dispensationalism with good intentions but that interpretation of biblical prophecy teaches that sinfulness will continually increase until Jesus throws up his hands in disgust and secretly raptures worthy Christians leaving behind unworthy sinners to suffer the wrath of the antichrist Teaching that questionable theory produces negativity that hinders the Christian mission When Christians believe that they cannot succeed in leading most of the world to Jesus they will fail to put in the effort that success would require Jesus on the other hand taught his followers that nothing will prevail over his church and that teaching inspired them to sacrifice everything for the Christian mission This is not a promise of prosperity without effort or of inevitable success but biblical positivity is an energizing force that will help Christians flourish

Overflowing Kyle Farran, 2022-02-08 Do you long to be useful to God and hear Well done good and faithful servant Matthew 25 21 Overflowing is born out of ten years meditating on this question Why does God use some people more than others In our zeal to be used by God we have a tendency to rely on doing things for God However when God chose to use certain individuals in the Bible it wasn t because of their effort or abilities God was looking at their heart God still searches hearts You can become a person that is useful to God not because of great things you do but because of a heart that pleases Him When God finds a heart that is fully His He fills it to overflowing

The Power of Listening Lynne M. Baab, 2014-06-05 Listening skills and the perspective gained through careful listening are more important in congregations than ever Many factors make attentive listening a significant contributor to healthy congregations As we enter into a post Christendom culture the people coming into congregations as well as the people in the wider community are less likely to be operating from a shared set of assumptions With world wide migration reshaping our

communities and congregations diverse perspectives coming from varied cultural backgrounds are also more common The breakdown of many support structures in society has created profound pastoral care needs making listening increasingly significant for both ministers and lay leaders Polarization over so many issues and the increasing emphasis on story telling in the journey of faith are two additional reasons why listening matters today Careful and loving listening nurtures care connection and depth which contribute to congregational life and health Listening to God is another aspect of listening which is gaining increased attention today Many congregational leaders have become weary of church as a business and are looking for authentic experiences of God s guidance Congregations are increasingly engaging in communal discernment Many listening skills used in human interactions are also building blocks for listening to God Sermons Reimagined Rick Chromey,2015-01-05 ENCOUNTER A RADICAL COMMITMENT TO PREACHING THAT WILL REACH THE EARS OF A NEW GENERATION OF CHURCHGOERS People today want to connect with God they crave spirituality But inside the walls of the church they re getting a 30 to 50 minute spiritual monologue Simply put sermons do not communicate effectively in a YouTube Twitter Google world We just can t keep doing business preaching as we always have in this fluid culture Sermons Reimagined will teach you easy practical ways to reach today s audience who Consume sound bites not sermons Process information visually not verbally Apply concepts through experiences and interaction not passivity and lectures It s time to reimagine the sermon to reach a new generation This book will show you how To Transform a City Eric Swanson,Sam Williams,2010 To Transform a City is a valuable guide for those who dream big about the spiritual and social changes possible for the cities and towns that surround their churches Two visionary leaders examine the foundations history theology and practical methods of community transformation Diaspora Christianities Sam George,2019-01-15 South Asians make up one of the largest diasporas in the world and Christians form a relatively large share of it Christians from the Indian subcontinent have successfully transplanted themselves all over the globe and many from different faith backgrounds have embraced Christianity at overseas locations This volume includes biblical reflections on diasporic life charts the historical and geographical spread of South Asian Christianity and closes with a call to missional living in diaspora It analyzes how migrants revive Christianity in adopted host nations and ancestral homelands This book portrays the fascinating saga of Christians of South Asian origin who have pitched their tents in the furthest corners of the globe and showcases triumphs and challenges of scattered communities It presents the contemporary religious experiences from a plethora of discrete perspectives It deals with issues such as community history struggles of identity and belonging linkage of religious and cultural traditions preservation and adaptation of faith practices ties between ancestral homeland and host nation and diasporic moral dilemmas in diaspora This book argues that human scattering amplifies diversity within Christianity and for the need for heterogeneous unity amidst great diversities **Who Did You See Today?** Dustin Schadt,2024-05-28 In January 2019 a U S Census Bureau survey reported that 11 percent of respondents indicated symptoms of anxiety or depression Just

twenty two months later in December 2020 the percentage nearly quadrupled to more than 42 percent As believers we are the ones called to truly see the lonely and hurting among us What if instead of getting caught up in our own busy calendars and daily stressors we dialed into the needs of those around us listening with bold intentionality and responding to them with extravagant thoughtfulness and outrageous kindness Jesus offered us the ultimate example of how to serve and minister to others by meeting people right where they were Through us neighbors coworkers classmates and family members should experience that same grace kindness and loving attention Author Dustin Schadt offers a biblical and theological basis for seeing people outlines practical ways that individuals families schools nonprofits small groups churches and other organizations can collectively value focus on and respond to the world around us Our care builds a bridge of trust strong enough to bear the weight of our gospel conversations Kindness has become a precious commodity We are fast paced busy and often distracted In a world marked by skepticism loneliness and anxiety Christ followers must be the ones who live beyond differences and distractions to see the people God places in our lives Jesus saw us drew closer and gave Himself up to make a way for us to come to Him He is calling us to do the same to love people the way Jesus loved people ears open and eyes widen to the beauty of the love of Christ shown in His gospel **Onward Christian Athletes** Tom Krattenmaker,2010 In Onward Christian Athletes religion expert and commentator Tom Krattenmaker provides a first of its kind exploration of what is really happening where sports and faith converge and the larger story it tells about popular Christianity in American life in the new century
