McAllister, Randy Nichols, Ryan Kaufman, 2016-11-03 *Inside the Video Game Industry* offers a provocative look into one of today's most dynamic and creative businesses. Through in-depth, structured interviews, industry professionals discuss their roles, providing invaluable insight into game programming, art, animation, design, production, quality assurance, audio, and business professions. From hiring and firing, conventions, attitudes about gender disparity, goals for work-life balance, and a span of legal, psychological, and communal intellectual property protection mechanisms, the book's combination of accessible industry talk and incisive thematic overviews is ideal for anyone interested in games as a global industry, a site of cultural study, or a prospective career path. Designed for researchers, educators, and students, this book provides a critical perspective on an often opaque business and its highly mobile workforce. Este ecosistema que ciertamente congrega a algunas de las mentes más geniales de nuestra generación, tanto desarrolladores como jugadores, también es un campo fértil para el lavado de dinero a través de donaciones, criptomonedas y
