**DC Comics Super-Villains: 100 Greatest Moments** Robert Greenberger, 2019-05-14 DC Comics has created some of the most twisted and complex villainous characters in the world of comics The third installment in the popular 100 Greatest Moments of DC Comics series DC Comics Super Villains features the pivotal acts that shaped the characters of 74 of these bad guys in over 200 pages of art Every hero needs a villain In fighting them the extreme superiority of our heroes is revealed The methods and morals of villains are usually the key difference between them and the heroes Batman for instance is a vigilante who cleans up the streets while never stooping so low as to kill the deplorable criminals he battles What makes him truly good is that he upholds these standards even when he's faced with a villain like the Joker an entity that would arguably be better off dead Many bad guys cause mayhem for mayhem's sake with sometimes no apparent reason other than simply being bad What makes a villain great however is the complexity of their character The truly terrible villains of DC

Comics have depths of cruelty that grow with them and specific motivations driving them In these pages you will see these super villains at the peak of their achievements committing heinous acts of death and destruction all to achieve a specific goal They challenge the heroes and their ideals seeing the caped and cowled figures as obstacles to be overcome Compiled by several groups of hardcore fans these 100 moments are the greatest worst villainous acts in DC Comic book history A summary of each super villain brings new fans up to speed from their origins to their most dastardly revivals Classic and modern comic book art are shown throughout Enjoy the most important parts of your favorite story arcs It s a great starting point for new readers or a nostalgic look for hardcore fans through the villains old and new An extension of the DC Comics 100 Greatest Moments series for the most dedicated and curious DC comics fan [Red Lanterns Vol. 1: Blood and Rage](#) Peter Milligan,2012-06-12 As a part of the acclaimed DC Comics The New 52 event of September 2011 Atrocitus and his Red Lantern Corps return in their own series battling against injustice in the most bloody ways imaginable This volume collects issues 1-6 of Red Lanterns [DC Essentials Graphic Novels Catalog 2021](#) Various,2021-02-16 **Girl of Steel** Melissa Wehler,Tim Rayborn,2020-03-20 The CW s hit adaptation of Supergirl is a new take on the classic DC character for a new audience With diverse female characters it explores different versions of the female experience No single character embodies a feminist ideal but together they represent attributes of the contemporary feminist conversation This collection of new essays uses a similar approach inviting a diverse group of scholars to address the many questions about gender roles and female agency in the series Essays analyze how the series engages with feminism Supergirl s impact on queer audiences and how families craft the show s feminist narratives In the ever growing superhero television genre Supergirl remains unique as viewers watch a female hero with almost godlike powers face the same struggles as ordinary women in the series
