Assessment, Evaluation, and Accountability in Adult Education Lilian H. Hill, 2023-07-03. This book is intended to help practitioners in adult education become better informed about assessment, evaluation, and accountability, as these are critical functions of administering and running adult education programs. The book is for adult educators who have been asked to serve on assessment committees, produce detailed reports for funders and accreditors, create a culture of assessment within their program and organization, and/or develop reports for accountability purposes. Section one presents an introductory overview of assessment and evaluation in adult education. Section two gives guidance on practices for specific areas of adult education practice, such as military education, human resource development, and continuing professional education. Section three provides assessment practices for adults in higher education, with chapters dedicated to distance learning, health professions education, and graduate education.

The Patient Factor Richard J. Holden, Rupa S. Valdez, 2021-02-27. Patients are increasingly encouraged to take an active role in managing their health and health care. New technologies, cultural shifts, trends in healthcare delivery, and policies have brought to the forefront the work patients, families, and other non-professionals perform in pursuit of health. Volume I provides a theoretical and methodological foundation for the emerging discipline of Patient Ergonomics, the science of patient work. The Patient Factor: Theories and Methods for Patient Ergonomics, Volume I, defines Patient Ergonomics, explains its importance, and situates it in a broader historical and societal context. It reviews applicable theories and methods from human factors, ergonomics, and related disciplines across domains including consumer technology.
