

Figure 1 is a line graph with 'Condition' on the x-axis (A, B, C, D) and 'Percentage of correct responses' on the y-axis (0 to 100). Three data series are plotted: Control (solid line with circles), MCI (dashed line with squares), and AD (dotted line with triangles). The Control group maintains high accuracy, while MCI and AD groups show a general decline in accuracy from condition A to D. Error bars are present for each data point.

Condition	Control (%)	MCI (%)	AD (%)
A	~95	~75	~55
B	~90	~70	~50
C	~95	~75	~55

Early Warning Systems and Targeted Interventions for Student Success in Online Courses Glick, Danny, Cohen, Anat, Chang, Chi, 2020-06-26 Online learning has increasingly been viewed as a possible way to remove barriers associated with traditional face to face teaching such as overcrowded classrooms and shortage of certified teachers While online learning has been recognized as a possible approach to deliver more desirable learning outcomes close to half of online students drop out as a result of student related course related and out of school related factors e g poor self regulation ineffective teacher student student student and platform student interactions low household income Many educators have expressed concern over students who unexpectedly begin to struggle and appear to fall off track without apparent reason A well implemented early warning system therefore can help educators identify students at risk of dropping out and assign and monitor interventions to keep them on track for graduation Despite the popularity of early warning systems research on their design and implementation is sparse Early Warning Systems and Targeted Interventions for Student Success in Online Courses is a cutting edge research publication that examines current theoretical frameworks research projects and empirical studies related to the design implementation and evaluation of early warning systems and targeted interventions and discusses their implications for policy and practice Moreover this book will review common challenges of early warning systems and dashboard design and will explore design principles and data visualization tools to make data more understandable and therefore more actionable Highlighting a range of topics such as curriculum design game based learning and learning support it is ideal for academicians policymakers administrators researchers education professionals instructional designers data analysts and students Proceedings of IAC-EeL 2014 Collective of authors, 2014-08-07

Mathematical Modelling in Education Research and Practice Gloria Ann Stillman, Werner Blum, Maria Salett Biembengut, 2015-07-20 In this volume cultural social and cognitive influences on the research and teaching of mathematical modelling are explored from a variety of theoretical and practical perspectives The authors of the current volume are all members of the International Community of Teachers of Mathematical Modelling and Applications the peak research body in this field A distinctive feature of this volume is the high number of authors from South American countries These authors bring quite a different perspective to modelling than has been showcased in previous books in this series in particular from a cultural point of view As well as recent international research there is a strong emphasis on pedagogical issues including those associated with technology and assessment in the teaching and learning of modelling Applications at various levels of education are exemplified The contributions reflect common issues shared globally and represent emergent or on going challenges **Immigration, Integration and the Law** Clíodhna Murphy, 2016-05-13 This book examines the role and impact of EU international human rights and refugee law on national laws and policies for integration and argues for a broad understanding of the relationship between integration and the law It analyses the legal foundations of integration at the

international and regional levels and examines the interaction of national EU and international legal spheres highlighting the significance of these dimensions of the relationship between integration and the law The book draws together these central themes to enhance our understanding of the connections between integration and the law It also makes specific recommendations for the development of holistic human rights based approaches to integration in EU Member States The book will be of value to academics and researchers working in the areas of immigration and refugee law as well as those interested in cultural diversity both from a legal and sociological perspective *Selected Papers from the 5th International Symposium on Mycotoxins and Toxigenic Moulds: Challenges and Perspectives* Sarah De Saeger,Siska Croubels,Kris Audenaert,2018-07-09 This book is a printed edition of the Special Issue Selected Papers from the 5th International Symposium on Mycotoxins and Toxigenic Moulds Challenges and Perspectives that was published in *Toxins* *Intercultural Contact, Language Learning and Migration* Barbara Geraghty,Jean Conacher,2014-09-25 At the heart of this volume lies an exploration of what actually happens to languages and their users when cultures come into contact What actions do supra national institutions nation states communities and individuals take in response to questions raised by the increasingly diverse forms of migration experienced in a globalized world The volume reveals the profound impact that decisions made at national and international level can have on the lives of the individual migrant language student or speech community Equally it evaluates the broader ramifications of actions taken by migrant communities and individual language learners around issues of language learning language maintenance and intercultural contact Reflecting Jan Blommaert's assertion that in a world shaped by globalization what is needed is a theory of language in society of changing language in a changing society this volume argues that researchers must increasingly seek diverse methodological approaches if they are to do justice to the diversity of experience and response they encounter **The New York City Police Department** John A. Eterno,2017-09-20 Studying the flagship New York City Police Department is critical to understanding policing and democratic society An examination of the department by experts who have been studying it for years The New York City Police Department The Impact of Its Policies and Practices provides a frank and open discussion about the NYPD from an elite group of scholars with varying viewpoints and concerns The authors in this book are uniquely qualified to discuss and analyze the intricacies of policies and their impact **Operations Research Proceedings 2013** Dennis Huisman,Ilse Louwerse,Albert P.M. Wagelmans,2014-07-10 This book contains a selection of refereed papers presented at the International Conference on Operations Research OR 2013 which took place at Erasmus University Rotterdam September 3-6 2013 The conference was jointly organized by the German and the Dutch OR Society More than 800 scientists and students from over 50 countries attended OR 2013 and presented more than 600 papers in parallel topical streams as well as special award sessions The theme of the conference and its proceedings is Impact on People Business and Society *Streaming and Copyright Law* Lasantha Ariyaratna,2022-09-05 This book examines the challenges posed to Australian copyright law by

streaming from the end user perspective It compares the Australian position with the European Union and United States to draw lessons from them regarding how they have dealt with streaming and copyright By critically examining the technological functionality of streaming and the failure of copyright enforcement against the masses it argues for strengthening end user rights The rising popularity of streaming has resulted in a revolutionary change to how digital content such as sound recordings cinematographic films and radio and television broadcasts is used on the internet Superseding the conventional method of downloading using streaming to access digital content has challenged copyright law because it is not clear whether end user acts of streaming constitute copyright infringement These prevailing grey areas between copyright and streaming often make end users feel doubtful about accessing digital content through streaming It is uncertain whether exercising the right of reproduction is appropriately suited for streaming given the ambiguities of embodiment and scope of substantial part Conversely the fair dealing defence in Australia cannot be used aptly to defend end users acts of streaming digital content because end users who use streaming to access digital content can rarely rely on the defence of fair dealing for the purposes of criticism or review news reporting parody or satire or research or study When considering a temporary copy exception end users are at risk of being held liable for infringement when using streaming to access a website that contains infringing digital content even if they lack any knowledge about the content s infringing nature Moreover the grey areas in circumventing geo blocking have made end users hesitant to access websites through streaming because it is not clear whether technological protection measures apply to geo blocking End users have a severe lack of knowledge about whether they can use circumvention methods such as virtual private networks to access streaming websites without being held liable for copyright infringement Despite the intricacies between copyright and access to digital content the recently implemented website blocking laws have emboldened copyright owners while suppressing end users access to digital content This is because the principles of proportionality and public interest have been given less attention when determining website blocking injunctions The Ins and Outs of Business and Professional Discourse Research Glen Alessi,Geert Jacobs,2015-12-29 Winner of the Association for Business Communication s Distinguished Publication on Business Communication Award 2016 This edited volume offers a collection of original chapters focusing on the Ins and Outs of professional discourse research Drawing on insights from LSP ethnography and discourse analysis it covers a wide range of issues ranging from gaining access and collecting data to feeding results back in the form of recommendations to practitioners *Biologics, A History of Agents Made From Living Organisms in the Twentieth Century* Alexander von Schwerin,2015-10-06 The use of biologics drugs made from living organisms has raised specific scientific industrial medical and legal issues The essays contained in this collection each deal with a case study of a biologic substance or group of biologics and its use during the twentieth century **Common Sense Questions about Tests** Gerard Giordano,2016-03-07 Parents had questions about the tests their children took at school They considered them to be common sense questions They

posed them to the businesspeople publishers and politicians who championed tests They also posed them to the school administrators teachers and union leaders who criticized them This book examines the questions the parents posed the answers they elicited and the changes they prodded Human Resource Management Robert N. and other social crises taking up much of the public's attention they lacked the support to make those ambitions a reality. Instead the space agency had to think more modestly and pragmatically, crafting a program that could leverage the excitement of Apollo while promising relevance for average Americans. The resulting initiative, the space shuttle, would become the centerpiece of NASA human space flight activity for forty years, opening opportunities for the public to engage with and participate in space projects in new ways. *The People's Spaceship* traces how and why NASA painstakingly connected the vehicle to so many segments of society. Underscoring the successes and challenges endured in the process, Amy Paige Kaminski shares the story of how the space shuttle became an American technological icon. **Ecological**

Sustainability Robert B. Northrop, Anne N. Connor, 2016-04-19. Complex systems is a new field of science studying how parts of a system give rise to the collective behaviors of the system and how the system interacts with its environment. This book examines the complex systems involved in environmental sustainability and examines the technologies involved to help mitigate human impacts such as renewable energy. Ebook: Sociology: A Brief Introduction Schaefer, 2014-10-16. Ebook Sociology: A Brief Introduction. China's Dance with the Foreign Devils Dick K. Nanto, PhD, 2016-07-15. Since 1978 in China, foreign direct investment has served as a driver of change that has brought the country into the modern economic world. Mao Zedong had shut out the foreign devils—Europeans, Japanese, Americans, and other outsiders. He created chaos in an economy that was long on suffering but short on foreign currency, technology, and capital. In this detailed account, Dick K. Nanto explores how foreign companies came in to fill the gaps in China's economy and helped it to become a manufacturing marvel. He focuses on topics such as how industrialization has created a socialist economy with Chinese characteristics that are reflected in industrial policy, governmental institutions, state-owned enterprises, the push to climb the high technology ladder, indigenous innovation, and the drive to create more national champion companies. Chinese are investing abroad, entering the home turf of multinational corporations, and raising issues related to national security. Foreign enterprises are now being squeezed as Beijing seeks to replace them with companies of its own. Businesspeople, entrepreneurs, international business students, politicians, and anyone interested in how things get done in China will find engaging, informative, and comprehensive information in *China's Dance with the Foreign Devils*.
