Margaret Thatcher Power And Personality:

Margaret Thatcher Jonathan Aitken, 2013-11-05 Drawing from previously unpublished material and numerous interviews a former Member of Parliament chronicles the life of the longest serving British Prime Minister in the twentieth century and the only woman to ever hold the office

Margaret Thatcher Robert Philpot, 2017-07-06 Margaret Thatcher's premiership changed the face of modern Britain Yet few people know of the critical role played by Jews in sparking and sustaining her revolution Was this chance choice or simply a reflection of the fact that as the Iron Lady herself said I just wanted a Cabinet of clever energetic people and frequently that turned out to be the same thing In this book the first to explore Mrs Thatcher's relationship with Britain's Jewish community Robert Philpot shows that her regard did not come simply from representing a constituency with more Jewish voters than any other but stretched back to her childhood She saw her own philosophical beliefs expressed in the values of Judaism and in it too she saw elements of her beloved father's Methodist teachings

Margaret Thatcher The Honorary Jew explores Mrs Thatcher's complex and fascinating relationship with the Jewish community and draws on archives and a wide range of memoirs and exclusive interviews ranging from former Cabinet ministers to political opponents It reveals how Immanuel Jakobovits the Chief Rabbi assisted her fight with the Church of England and how her attachment to Israel led her to internal battles as a member of Edward Heath's government and as Prime Minister as well as examining her relationships with various Israeli leaders

Margaret Thatcher Charles Moore, 2015-10-06 In June 1983 Margaret Thatcher won the biggest increase in a government's Parliamentary majority in British electoral history Over the next four years as Charles Moore relates in this central volume of his uniquely authoritative biography Britain's first woman prime minister changed the course of her country's history and that of the world often by sheer force of will The book reveals as never before how she faced down the Miners Strike transformed relations with Europe privatized the commanding heights of British industry and continued the reinvigoration of the British economy It describes her role on the world stage with dramatic immediacy identifying Mikhail Gorbachev as a man to do business with before he became leader of the Soviet Union and then persistently pushing him and Ronald Reagan her great ideological soulmate to order world affairs according to her vision For the only time since Churchill she ensured that Britain had a central place in dealings between the superpowers But even at her zenith she was beset by difficulties The beloved Reagan twice timed her during the US invasion of Grenada She lost the minister to whom she was personally closest to scandal and almost had to resign as a result of the Westland affair She found herself isolated within her own government over Europe She was at odds with the Queen over the Commonwealth and South Africa She bullied senior colleagues and she set in motion the poll tax Both these last would later return to wound her fatally In all this Charles Moore has had unprecedented access to all Mrs Thatcher's private and government papers The participants in the events described have been so frank in interview that we feel we are eavesdropping on their conversations as they pass We look over Mrs Thatcher's shoulder as she vigorously

annotates documents so seeing her views on many particular issues in detail and we understand for the first time how closely she relied on a handful of trusted advisors to help shape her views and carry out her will We see her as a public performer an often anxious mother a workaholic and the first woman in western democratic history who truly came to dominate her country in her time In the early hours of 12 October 1984 during the Conservative party conference in Brighton the IRA attempted to assassinate her She carried on within hours to give her leader s speech at the conference and later went on to sign the Anglo Irish agreement One of her many left wing critics watching her that day said I don t approve of her as Prime Minister but by God she s a great tank commander This titanic figure with all her capacities and all her flaws storms from these pages as from no other book

Margaret Thatcher Peter Just,2025-07-29 A joy to read Andrew Roberts The story of Margaret Thatcher s post premiership years is a tale of high drama and low farce with at its heart one extraordinary woman Margaret Thatcher enjoyed perhaps one of the most consequential political afterlives in British history No longer in office but never really out of power she was not only one of the most impactful Prime Ministers the UK has ever had she was also one of the most impactful former Prime Ministers the UK has ever had British politics today undoubtedly reflects Thatcher s time in No 10 but it is also shaped by her later life and how people reacted and still react to it To mark the centenary of her birth Margaret Thatcher Life After Downing Street provides a radical reassessment of how Thatcher s premier emeritus years have been viewed to date Covering the four main areas of her work after Downing Street philosophy party policy and performance and analysing her continued and continuing influence on the Conservative leaders and Prime Ministers of all parties who followed her it demonstrates why however small the politics may or may not have got since 1990 Margaret Thatcher is still big
