Library of Congress Name Headings with References Library of Congress,1979 *La clausura femenina en la Salamanca del siglo XVII. Dominicas y carmelitas descalzas* Concha Torres Sánchez,1991-01-01 Este libro ofrece bastante más de lo que cabría esperar de su título Es mucho más que un simple estudio de la clausura es una descripción bastante acertada de la vida entera de dos conventos salmantinos durante el siglo XVII con abundantes alusiones a la situación de la mujer y sobre todo de las monjas en la sociedad de aquel tiempo e incluso en tiempos inmediatamente anteriores y posteriores

Word from New Spain María (de San José, madre),María de San José (madre),1993-01-01 This is the account of the social and spiritual difficulties of an aspirant nun in Mexico at the end of the seventeenth century In an extensive introduction Myers discusses the chronology and provenance of Madre Maria's manuscript and gives biographical details of her life surveys literary aspects of the text and seeks to show the socio historical value of the striking scenes of family life which the text offers Notes and guidance are given on style orthography and pronunciation and a bibliographical essay complements a selected bibliography

Haciendas and Economic Development Richard B. Lindley,2014-11-06 Agriculture commerce and mining were the engines that drove New Spain and past historians have treated these economic categories as sociological phenomena as well For these historians society in eighteenth century New Spain was comprised on the one hand of creoles feudalistic land barons who were natives of the New World and on the other of peninsulars progressive urban merchants born on the Iberian peninsula In their view creole peninsular resentment ultimately led to the wars for independence that took place in the American hemisphere in the early nineteenth century Richard B Lindley's study of Guadalajara's wealthy citizens on the eve of independence contradicts this view clearly demonstrating that landowners merchants creoles and peninsulars through intermarriage formed large family enterprises with mixed agricultural commercial and mining interests These family enterprises subdued potential conflicts of interest between Spaniards and Americans making partners of potential competitors When the wars for national independence began in 1810 Spain's ability to protect its colonies from outside influence was destroyed The resultant influx of British trade goods and finance shook the structure of colonial society as abundant British capital quickly reduced the capital shortage that had been the main reason for large scale diversified family businesses Elite family enterprises survived but became less traditional and more specialized institutions This transformation from traditional personalized community relations to modern anonymous corporations with all that it implied for government and productivity constitutes the real revolution that began in 1810

Mexican Political Biographies, 1935-1993 Roderic Ai Camp,1995 My Father's Shoes is at its core an anthology of short stories The book is allegoric and the shoes are metaphoric Unlike most anthologies however these stories are an amalgam of themselves They integrate and coalesce There is a rhythm and a cadence both in substance and in form This book was

initially written as a gift to my father I wanted to share certain memories with him that were meaningful and lasting I wanted him to know from my perspective just how important he was in my life He never really understood the profound impact that he had on the lives of other people especially his family Because of that humility or perhaps in honor of it I wanted to him know that he truly made a difference in this world As others read the manuscript they seemed to recognize something of themselves in these stories A memory A passage An incident A feeling As they did I became more comfortable with sharing these vignettes of family life In the end this book is really more about me than my father But even more than that it is about appreciating every circumstance in life however mundane or unremarkable it may seem at the time These seemingly discrete and unrelated moments actually define who you are what you become and what matters most in life At least they did for me My father always used to say *senza memoria vita non esiste* which in Italian means without memory life does not exist These are my memories and this is my inheritance Raymond F Vennare While dedicating a significant and successful portion of his life and career to business entrepreneurship and science Raymond s essential orientation is humanistic He is exquisitely aware of the inter relatedness of all things This ability to intrinsically see and understand how disciplines overlap and coincide is Raymond s distinctive gift He is at home in the intersections of business culture art and science and uses interconnectedness as a catalyst for finding novel ways to forge bonds across disciplines and solve human problems Raymond has always been driven to express his way of seeing the commonalities of the world This is reflected in the lifelong diversity and range of his pursuits through his work as an academically trained art historian ethicist and businessman and as a multi disciplinary artist painter writer musician and commentator His current artistic offering is a richly textured memoir My Father s Shoes which he is also adapting for stage and audio performance This vibrant anthology celebrates the capacity of one person to make a lasting difference in the lives of others With humorous reflection clanking dishes wafting aromas and loving tenderness it vividly reminds us how we ultimately transfer our human energy through the stories and memories we create and leave behind There isn t one ounce of fat in Vennare s writing Every story is a journey every sentence a complete thought This book is not just a good read this is Benediction Frank Ferraro Filmmaker and Playwright I feel like I know these people and I care about them and the vivid way they lived Vennare s courage in the act of remembering his father s life and revealing his own is an invitation to all of us to find a way to pass on the stories and memories we hold most dear Karen Kern Writer My Father s Shoes is a wonderful trip down memory lane With each chapter read the pages penned touched my heart and resonated with personal stories of my own family members The book is a one shoe fits all narrative Lillie Leonardi Author In the Shadow of a Badge **Mexican Political Biographies, 1935-2009** Roderic Ai Camp,2011-10-01 Teresa Lozano Long Institute of Latin American Studies Directory of Officials of the Republic of Cuba ,1983 **Historia** ,1976 Kinship and Credit in the Structure of Guadalajara's Oligarchy, 1800-1830 Richard Barry Lindley,1977 **Theoretical and Empirical Issues in Grammaticalization** Elena Seoane,María José López-Couso,2008-07-09 This volume and its
