Marine Corps Book Of Lists:

The Marine Corps Book of Lists Albert A. Nofi, 1997 The United States Marine Corps is America's best known military unit and perhaps the most famous in the world. It is the nation's oldest unit as far as recognition by Congress goes and has been almost continually engaged in active operations for all its existence when other branches of service were on peacetime status. Such a long and varied service and the type of personnel required for such an elite unit have produced a trove of lore and legendary unparalleled in the world. Albert A. Nofi, the leading force behind *Combined Books*, acclaimed *Civil War Book of Lists*, has taken on the task of producing a definitive compendium of Marine Corps facts and statistics. The Corps' long history is well represented with such lists as Greatest Battles, Medal of Honor Winners, Commandants, Marines in American Wars, Greatest Foes, Foreign Marine Corps, Confederate Marines, Marines in Congress, Marines in Space, and numerous others. A sharp focus is maintained on the present as well, since the book is also intended for those currently involved with the military. Current Marine units, bases, schools, orders of dress, traditions, and specialized vocabulary are given complete coverage. *United States Marine Corps Book of Lists* will prove to be of equal interest to military history buffs and those currently involved in military affairs. Albert A. Nofi has a Ph.D. in Military History from the City University of New York and was associate editor for many years of the ground-breaking military journal *Strategy and Tactics*. He was a founder of wargaming, the conflict simulation system used both by hobbyists and military planners. Dr. Nofi has written numerous books and articles on military history and was a news media military commentator during the Persian Gulf War. He is also the author of *The Gettysburg Campaign* and *The Waterloo Campaign*.

Disinformation Book of Lists Russ Kick, 2004-06-01 Can you name five military leaders who were transgendered? Twelve cases of involuntary human experimentation by the U.S. government? How about the four porn novels written by famous authors? 11 books left out of the Bible and over 50 side effects of NutraSweet that have been reported to the FDA? In 1977 David Wallechinsky, Irving Wallace, and Amy Wallace published *The Book of Lists*, causing an immediate sensation. Not only did it lead to three direct sequels in 1980, 1983, and 1993, it also created a new genre. Soon shelves were lined with *The First Original Unexpurgated Authentic Canadian Book of Lists* (1978), *The Book of Sports Lists* (1979), and *Meredith's Book of Bible Lists* (1980), among many others. Using this popular, enduring format, Russ Kick's *Disinformation Book of Lists* delves into the murkier aspects of politics, current events, business, history, science, art, and literature, sex, drugs, death, and more. Despite such unusual subject matter, this book presents hard-substantiated facts with full references. Among the lists presented: Innocent People Freed from Prison, Members of the Skull Bones Secret Society at Yale, Drugs Pulled Off the Market After They Killed Too Many People, Legal Substances that Will Get You High, Scenes that Were Cut from Movies, Raunchy Songs that Were Never Released, Military Officers, Government Officials, Astronauts, and Airline Personnel Who Say UFOs Are Real, Words and Phrases No Longer Allowed in Textbooks.
