Marine Corps, **21st Century U.S. Military Manuals** Department of Defense,U. S. Military,U. S. Marine Corps (USMC),2017-11-26 This U S Marine Corps manual is to be used as a tool to help ensure that the values of the Corps continue to be reinforced and sustained in all Marines after being formally instilled in entry level training This document is a compendium of discussion guides developed and used by Marine Corps formal schools The guides are part of the formal inculcation of values in young Marines enlisted and officer during the entry level training process This guide is designed to be used as a departure point for discussing the topics as a continuation of the process of sustaining values within the Marine Corps The User s Guide also serves as a resource for leaders to understand the talk and the walk expected of them as leaders

New graduates of the Recruit Depots and The Basic School have been exposed to these lessons and expect to arrive at their first duty assignments and MOS schools to find these principles and standards exhibited in the Marines they encounter. Leaders must remember that as long as there is but one Marine junior to them they are honor bound to uphold the customs and traditions of the Corps and to always walk the walk and talk the talk. We are the parents and older siblings of the future leaders of the Marine Corps. America is depending on us to ensure the Marines of tomorrow are ready and worthy of the challenges of this obligation. Teaching reinforcement and sustainment of these lessons can take place in the field garrison or formal school setting. Instructional methodology and media may vary depending on the environment and location of the instruction. However, environment should not be considered an obstacle to the conduct or quality of the instruction. This guide has been developed as a generic universal training tool that is applicable to all Marines regardless of grade. Discussion leaders should include personal experiences that contribute to the development of the particular value or leadership lesson being discussed. As a bonus, this reproduction includes the Marine Corps Manual, the basic publication of the United States Marine Corps issued by the Commandant of the Marine Corps and approved by the Secretary of the Navy, sold separately for \$7.99. It is a regulatory publication for the Department of the Navy as defined in U.S. Navy Regulations. The Marine Corps Manual is designed primarily for use by Marine Corps commanders and their staffs, Navy officers exercising command over Marines, the staff of the Commandant of the Marine Corps, and the staffs of the bureaus and offices of the Navy Department.

The purpose of the Marine Corps Ground Training and Readiness T R program is to provide the commander with training standards for all ground personnel. The goal is to develop Religious Ministry Team RMT capabilities for ministry in expeditionary environments. The performance standards are designed to ensure proficiency in core competencies. An effective T R program is the first step in providing a commander with a RMT capable of providing religious ministry in support of a unit's wartime mission. The T R program provides the fundamental tools for commanders to build and maintain RMT combat readiness. Using these tools, training managers can construct and execute an effective training plan that supports both unit and RMT mission essential task lists.
